

APPENDIX C – RESPONSE TEMPLATE

SUMMARY INFORMATION

Respondent's Name	<i>Gas Networks Ireland</i>
Type of Stakeholder	<i>Irish Gas TSO/DSO</i>
Contact name (for any queries)	<i>Sean McAuliffe</i>
Contact Email Address	<i>sean.mcauliffe@gasnetworks.ie</i>
Contact Telephone Number	<i>087 609 9560</i>
Confidential Response	[N]

CAPACITY MARKET CODE MODIFICATIONS WORKSHOP 43 CONSULTATION COMMENTS:

ID	Proposed Modification and its Consistency with the Code Objectives	Impacts Not Identified in the Modification Proposal Form	Detailed CMC Drafting Proposed to Deliver the Modification
CMC_04_25: Adjustment of CMC auction qualification criteria to facilitate complex projects within State Aid approval			
CMC_05_25: Early Termination of Intermediate Length Contract Capacity			

APPENDIX C – RESPONSE TEMPLATE

ID	Proposed Modification and its Consistency with the Code Objectives	Impacts Not Identified in the Modification Proposal Form	Detailed CMC Drafting Proposed to Deliver the Modification
CMC_06_25: Clarification of Proportion of Delivered Capacity for multiple tranches			
CMC_07_25 Maintaining Net Present Value in new capacity market contracts for no-fault delays			

APPENDIX C – RESPONSE TEMPLATE

CMC_08_25 Ensuring robust, transparent and objective qualification criteria in the Capacity Market	T-4 29/30 auction :GNI note the proposal seeks to include proposed changes to the CMC for the T-4 29/30 auction. Give the relative imminency of qualification timelines in September following a potential decision for the proposed Code Mod (which we understand is August timeline) we do not consider that it is feasible or prudent to apply the requirement for developer to be in receipt of a contract or quotation for a gas connection in the intervening time. We would instead suggest that the proposal would be applicable to the following and subsequent auctions (i.e. T-3 30/21 and thereafter). Due to the high participation rates in the auction process which necessitates a significant number of quotations for complex projects we would also propose that developer apply to GNI for a quotation six months in advance of the qualification timeline to ensure sufficient time to undertake the relevant analysis, designs, estimations, and approvals.

	Validity of a gas connection offer: GNI welcome the requirement for a gas connection offer being included for the T-4 30/31 onwards; we consider however that any offer should be within its validity to avoid any confusion from legacy quotations and ensure that the most up to date market insights on costs, capacity and project programme are included in the developers proposals.
