

**Small Scale Generator Forum**  
**Jury's Custom House Hotel, Dublin**  
**Friday 4<sup>th</sup> May from 10:30 AM to 12:30 PM**

In March, the Regulatory Authorities (RAs) published a newsletter to advise small scale generators of the changes they will be facing with the introduction of the Single Electricity Market (SEM). The RAs have now organised a forum which will be held on Friday, 4<sup>th</sup> May 2007 at the Jury's Custom House Hotel in Dublin.

The purpose of this forum is to provide further information to small scale generators that are considering participating in the SEM and also to advise of the changes that will be faced by those who will continue to trade outside the market.

Representatives from NIE T&D, ESB Networks, the Single Market Operator, CER and NIAUR will be present to answer any queries that you may have in relation to the SEM.
