

KEMA Plexos Validation Workshop

As part of the ongoing project being undertaken by KEMA on behalf of the AIP to conduct a review of the PLEXOS Market Simulation Model for the SEM (see AIP-SEM-237-07), KEMA is holding an Initial Findings Workshop on Friday 2nd March at the Belfast Hilton. The workshop will commence at 10am and is expected to finish at c. 1.30pm when a buffet lunch will be available.

The aims of this Workshop are;

- (i) To provide an overview of progress to date on 2008 data validation, including responses to Data Questionnaires and points raised at bilateral meetings; and to provide initial KEMA views and conclusions for discussion and subsequent written feedback.
- (ii) To provide an overview of progress to date on PLEXOS model validation and to provide initial KEMA views and conclusions for discussion and subsequent written feedback.
- (iii) To provide, for discussion and subsequent written feedback, an outline of the intended next steps in the Project process with a view to presenting Final Conclusions to the RAs and to market participants at a Workshop end of March.

To ensure there is sufficient capacity at this Initial Findings Workshop for potential attendees, KEMA requests that any party seeking to attend please inform, in advance, the KEMA project manager for this Project namely:

Michael Wilks
Principal Consultant, KEMA
