

Grid Code Consultation Notice

24th May 2007

On account of the go-live of the Single Electricity Market (SEM) on 1st November, EirGrid and SONI have commenced the process of publishing for consultation proposed amended sections of the Republic of Ireland and Northern Ireland Grid Codes respectively. The relevant Grid Code documents can be viewed on the EirGrid website at

<http://www.eirgrid.com/EirgridPortal/DesktopDefault.aspx?tabid=Grid%20Code&TreeLinkModID=1451&TreeLinkItemID=18> and on the SONI website at <http://www.soni.ltd.uk/gridcodeDrafts.asp>

They are being published by EirGrid and SONI in stages as they are completed, to allow market participants the maximum opportunity to comment on them, with all consultation documents due to be published by Tuesday 19th June.

Comments on the Republic of Ireland Grid Code documents should be sent to GridCode@eirgrid.com at EirGrid and comments on the Northern Ireland Grid Code documents should be sent to Denis Garrett (denis.garrett@soni.ltd.uk) at SONI, by no later than Tuesday 10th July.

The comments received, along with the final proposed Grid Codes, will be presented by EirGrid and SONI to the Regulatory Authorities. It is anticipated that the Regulatory Authorities will approve and publish finalised Grid Codes in September.
