PART 1 TERMS OF THE LICENCE

1. The Department, in exercise of the powers conferred by Articles 10(1)(a), 10(6), 11 and 13 of the Electricity (Northern Ireland) Order 1992 (hereinafter referred to as the “**Order**”) hereby grants to Kilroot Power Limited a licence to generate electricity for the purpose of giving a supply to any premises or enabling a supply to be so given, during the period specified in paragraph 3 below, subject to the Conditions set out in Part II below (hereinafter referred to as the “**Conditions**”).
2. The Conditions are subject to modification or amendment in accordance with their terms or with Articles 14, 17, 17A or 18 of the Order and/or with any provisions for the modification of the same in the Energy (Northern Ireland) Order 2003. The licence hereby granted (hereinafter referred to as “**this licence**”) is further subject to the terms as to revocation specified in Schedule 1.
3. This licence shall come into force on the transfer date appointed under Article 69(3) of the Order and unless revoked in accordance with the provisions of Schedule 1 shall continue in force until determined by not less than 25 years’ notice in writing given by the Department to the Licensee, such notice not be served earlier than the tenth anniversary of the date on which this licence comes into force.

31 March 1992

Assistant Secretary
Department of Economic Development

PART II THE CONDITIONS

Condition 1: Interpretation and construction

1. Unless the contrary intention appears:
 - (a) words and expressions used in the Conditions or in Schedule 1 shall be construed as if they were in an enactment and the Interpretation Act (Northern Ireland) 1954 applied to them; and
 - (b) references to an enactment shall include subordinate legislation and in both cases any statutory modification or re-enactment thereof after the date when this licence comes into force.
2. Any word or expression defined for the purposes of any provision of Part II of the Order, of the Energy Order or the SEM Order shall, unless the contrary intention appears, have the same meaning when used in the Conditions or in Schedule 1.
3. In the Conditions and in Schedule 1, unless otherwise specified or the context otherwise requires:

Affiliate in relation to the Licensee or any subsidiary of a holding company of the Licensee, means any holding company of the Licensee or any subsidiary of the Licensee or any subsidiary of a holding company of the Licensee, in each case within the meaning of Article 4 of the Companies (Northern Ireland) Order 1986.

- 5. The heading or title of any Part, Condition, Schedule or paragraph shall not affect the construction thereof.
- 6. Where any obligation of the Licensee is expressed to require performance within a specified time limit that obligation shall continue to be binding and enforceable after that time limit if the Licensee fails to perform that obligation within that time limit (but without prejudice to all rights and remedies available against the Licensee by reason of the Licensee's failure to perform within the time limit).
- 7. The provisions of section 24 of the Interpretation Act (Northern Ireland) 1954 shall apply for the purposes of the delivery or service of any document, direction or notice to be delivered or served pursuant to this licence and directions issued by the Authority pursuant to any Condition shall be delivered or served as aforesaid.

DRAFT FOLLOWING SECOND CONSULTATION

Condition 2: Separate accounts for Separate Businesses

1. The first financial year of the Licensee shall run from its date of incorporation to 31 December 1992, and thereafter each financial year of the Licensee shall run from 1 January to the following 31 December.
2. The remaining paragraphs of this Condition apply for the purpose of ensuring that the Licensee (and any affiliate or related undertaking of the Licensee) maintains accounting and reporting arrangements which enable separate accounts to be prepared for each Separate Business and showing the financial affairs of each such Separate Business.
3. The Licensee shall in respect of each Separate Business:
 - (a) keep or cause to be kept for the period referred to in Article 230(5)(b) of the Companies (Northern Ireland) Order 1986 and in the manner referred to in that Article such accounting records in respect of each Separate Business as would by Article 229 of the Companies (Northern Ireland) Order 1986 be required to be kept in respect of each such business if it were carried on by a separate company, so that the revenues, costs, assets, liabilities, reserves and provisions of, or reasonably attributable to, each Separate Business are separately identifiable in the books of the Licensee (and any affiliate or related undertaking of the Licensee) from those of any other business; and
 - (b) prepare on a consistent basis from such accounting records in respect of:
 - (i) the financial year commencing on its date of incorporation and each subsequent financial year, accounting statements comprising a profit and loss account, a balance sheet and a cash flow statement, together with notes thereto, and showing separately in respect of each Separate Business and in appropriate detail the amounts of any revenue, cost, asset, liability, reserve or provision, which has been either:

DRAFT FOLLOWING SECOND CONSULTATION

- (A) charged from or to any other business (whether or not a Separate Business) together with a description of the basis of that charge; or
 - (B) determined by apportionment or allocation between any Separate Business and any other business (whether or not a Separate Business) together with a description of the basis of the apportionment or allocation; and
- (ii) the period between its date of incorporation and 30 June 1992 in the case of the first financial year of the Licensee and the first six months of each subsequent financial year, an interim profit and loss account; and
- (c) procure, in respect of the accounting statements prepared in accordance with this Condition in respect of a financial year, a report by the Auditors and addressed to the Authority stating whether in their opinion those statements have been properly prepared in accordance with this Condition and give a true and fair view of the revenues, costs, assets, liabilities, reserves and provisions of, or reasonably attributable to, the Separate Business to which the statements relate; and
- (d) use its reasonable endeavours to procure a report by the Auditors and addressed to the Authority verifying that the internal accounting and financial reporting arrangements of the Licensee are implemented in such a way as to ensure that there is no discrimination or cross-subsidisation between Separate Businesses; and
- (e) deliver to the Authority a copy of the account referred to in sub-paragraph (b)(ii), the Auditors' report referred to in sub-paragraph (c) and the accounting statements referred to in sub-paragraph (b)(i) as soon as reasonably practicable, and in any event not later than three months after the end of the period to which it relates in the case of the account referred to in sub-paragraph (b)(ii) and six

DRAFT FOLLOWING SECOND CONSULTATION

months after the end of the financial year to which they relate in the case of the accounting statements and Auditors' report referred to in sub-paragraphs (b)(i) and (c).

4. (a) The Licensee shall not in relation to the accounting statements in respect of a financial year change the bases of charge, apportionment or allocation referred to in sub-paragraph 3(b)(i) from those applied in respect of the previous financial year, unless the Authority shall previously have issued directions for the purposes of this Condition directing the Licensee to change such bases in a manner set out in the directions or the Authority gives its prior written approval to the change in such bases. The Licensee shall comply with any directions issued for the purposes of this Condition.
 - (b) Where, in relation to the accounting statements in respect of a financial year, the Licensee has changed such bases of charge, apportionment or allocation from those adopted for the immediately preceding financial year, the Licensee shall, if so directed in directions issued by the Authority for the purposes of this Condition, in addition to preparing accounting statements on those bases which it has adopted, prepare such accounting statements on the bases which applied in respect of the immediately preceding financial year.
5. Accounting statements in respect of a financial year prepared under sub-paragraph 3(b)(i) shall, so far as reasonably practicable and unless otherwise approved by the Authority having regard to the purposes of this Condition:
 - (a) have the same content and format (in relation to each Separate Business) as the annual accounts of the Licensee (and any affiliate or related undertaking of the Licensee) prepared under Article 234 and, where appropriate, Article 235 of the Companies (Northern Ireland) Order 1986 and conform to the best commercial accounting practices including Statements of Accounting Practice issued or adopted by the Accounting Standards Board currently in force; and

DRAFT FOLLOWING SECOND CONSULTATION

- (b) state the accounting policies adopted; and
 - (c) (with the exception of the part of such statements which shows separately the amounts charged, apportioned or allocated and describes the bases of charge or apportionment or allocation respectively), be published with the annual accounts of the Licensee.
6. Unless the accounting statements prepared under sub-paragraph 3(b)(i) are prepared on the current cost basis as provided by the alternative accounting rules, the Licensee shall, unless otherwise agreed by the Authority, in addition to preparing those accounting statements under that paragraph, prepare accounting statements for each Separate Business covering the same period, which shall comprise and show separately:
- (a) a profit and loss account, a balance sheet and a cash flow statement, together with notes thereto, which shall:
 - (i) include in respect of current cost assets amounts determined on the current cost basis as provided by the alternative accounting rules; and
 - (ii) show or disclose the information and other matters required by the alternative accounting rules to be shown or disclosed in accounts where the amounts included in respect of assets covered by any items shown in those accounts have been determined on any basis mentioned in paragraph 31 of Section C of Part II of Schedule 4 to the Companies (Northern Ireland) Order 1986;
 - (b) in respect of each Separate Business the adjusted amount of any such provision for depreciation as is referred to in paragraph 32(2) of Section C of Part II of Schedule 4 to the Companies (Northern Ireland) Order 1986 and the items shown in the profit and loss account of the Separate Business for the relevant period which are affected by the determination of amounts on the current cost basis as

DRAFT FOLLOWING SECOND CONSULTATION

provided by the alternative accounting rules, including the profit (or loss) before taxation; and

- (c) such other current cost information as is referred to in the Handbook as the Authority may reasonably require;

and shall deliver the same, together with an Auditors' report prepared in relation to the current cost basis accounting statements in the form referred to in sub-paragraph 3(c), to the Authority within the time limits referred to in sub-paragraph 3(d) and shall (with the exception of the part of such statements which shows separately the amounts charged, apportioned or allocated and describes the basis of charge or apportionment or allocation respectively) publish the same with the annual accounts of the Licensee.

7. References in this Condition to costs or liabilities of, or reasonably attributable to, any Separate Business shall be construed as excluding taxation, capital liabilities which do not relate principally to a particular Separate Business and interest thereon; and references to any accounting statement shall be construed accordingly.
8. For the purposes of paragraph 6:

alternative accounting rules means the rules set out in Section C of Part II of Schedule 4 to the Companies (Northern Ireland) Order 1986.

current cost assets means assets of any description mentioned in paragraph 31 of Section C of Part II of Schedule 4 to the Companies (Northern Ireland) Order 1986.

the Handbook means the handbook issued or adopted by the Accounting Standards Board or any successor body entitled **Accounting for the effects of changing prices: a Handbook** in its current edition for the

DRAFT FOLLOWING SECOND CONSULTATION

time being or in the event that no such handbook shall be in issue such guidance or publication as may be issued in replacement or substitution therefor.

DRAFT FOLLOWING SECOND CONSULTATION

Condition 3: Prohibition of cross-subsidies and of discrimination

1. The Licensee shall procure that no Separate Business gives any cross-subsidy to, or receives any cross-subsidy from, any other business of the Licensee or of an affiliate or related undertaking of the Licensee (whether or not a Separate Business).
2. The Licensee shall not and shall procure that its affiliates and related undertakings shall not provide or offer to provide electricity to any person (including, without limitation, any Supply Business of the Licensee or any affiliate or related undertaking of the Licensee) or class of persons on terms as to price or on other terms affecting the financial value of the supply which are materially more or less favourable than those on which the Licensee or any such affiliate or related undertaking shall provide or offer to provide electricity to comparable purchasers within the Island of Ireland. For these purposes, due regard shall be had to the circumstances of such provision including (without limitation):
 - (i) in the case of supply as part of any Supply Business of the Licensee or any affiliate or related undertaking of the Licensee, volumes, load factors, conditions of interruptibility, location and number of the premises being supplied and date and duration of the relevant agreement; and
 - (ii) in the case of any electricity sale contract as referred to in sub-paragraph 3(a)(ii), the date and duration of such contract and the circumstances by reference to which the rights of the person to whom such electricity is provided are exercisable.
3. For the purpose of paragraph 2:
 - (a) the provision of electricity shall (without limitation) include:
 - (i) supply to customers of any Supply Business of the Licensee or any affiliate or related undertaking of the Licensee; and

DRAFT FOLLOWING SECOND CONSULTATION

- (ii) the provision of electricity by means of the entry by the Licensee or any affiliate or related undertaking of the Licensee into an electricity sale contract;
 - (b) in determining the price at which the Licensee or any affiliate or related undertaking of the Licensee shall provide electricity in the manner referred to in sub-paragraph (a)(ii), there shall be taken into account both any price received by the Licensee or such affiliate or related undertaking in relation to sales of electricity pursuant to the arrangements established, permitted or required by the Single Electricity Market Trading and Settlement Code and any payments received or made by the Licensee or such affiliate or related undertaking for the grant of or pursuant to any such contract.
- 4. Paragraphs 2 and 3 shall apply so long as this licence continues in force but shall cease to have effect (in whole or in part, as the case may be) if the Licensee delivers to the Authority a disapplication request made in accordance with paragraph 5 and:
 - (a) the Authority agrees in writing to the disapplication request; or
 - (b) their application (in whole or in part) is terminated by notice given by the Licensee in accordance with either paragraph 7 or paragraph 8.
- 5. A disapplication request shall be in writing addressed to the Authority, shall specify the paragraphs (or any part or parts thereof) to which the request relates and shall state the date from which the Licensee wishes the Authority to agree that the specified paragraphs (or, as the case may be, part or parts thereof) shall cease to have effect.
- 6. Save where the Authority otherwise agrees, no disapplication following delivery of a disapplication request shall have effect earlier than that date (the **disapplication date**) which is the later of:
 - (a) the date being not less than 18 months after delivery of the disapplication request;
 - and

DRAFT FOLLOWING SECOND CONSULTATION

- (b) the fifth anniversary of the date of grant of this licence.
- 7. If the Authority has not made a reference to the Competition Commission under Article 15 of the Order relating to the modification of the paragraphs (or any part or parts thereof) specified in the disapplication request before the beginning of the period of 12 months which will end with the disapplication date, the Licensee may deliver written notice to the Authority terminating the application of such of paragraphs 2 and 3 (or, as the case may be, any part or parts thereof) as are specified in the disapplication request with effect from the disapplication date or a later date.
- 8. If the Competition Commission makes a report on a reference made by the Authority relating to the modification of the paragraphs (or any part or parts thereof) specified in the disapplication request and such report does not include a conclusion that the cessation of such paragraphs, in whole or in part, operates or may be expected to operate against the public interest, the Licensee may within 30 days after the publication of the report by the Authority in accordance with Article 16 of the Order deliver to it written notice terminating the application of such paragraphs (or, as the case may be, any part or parts thereof) with effect from the disapplication date or a later date.
- 9. For the purposes of this Condition, a purchaser shall be treated as a single purchaser notwithstanding that the premises at which a supply of electricity is given to him may be located in more than one place.
- 10. In this Condition, references to the provision of electricity to any person shall include the provision of available capacity of any generation set.
- 11. Paragraph 1 of this Condition shall not apply for so long as:
 - (a) the installed generation capacity of the Licensee and any affiliate or related undertaking of the Licensee shall not exceed 20 per cent of the aggregate total installed capacity of generators in the Island of Ireland; or

DRAFT FOLLOWING SECOND CONSULTATION

- (b) the Licensee and any affiliate or related undertaking of the Licensee shall not hold a licence under Article 10(2) of the Order.

DRAFT FOLLOWING SECOND CONSULTATION

Condition 4: Compliance with Grid Code and, where applicable, Distribution Code

1. The Licensee shall comply with the provisions of the Grid Code and the Distribution Code insofar as applicable to it.
2. The Authority may:
 - (a) following consultation with the Transmission System Operator and the Transmission Owner, issue directions relieving the Licensee of its obligation under paragraph 1 above in respect of such parts of the Grid Code and to such extent as may be specified in those directions; and
 - (b) following consultation with the Transmission Owner, issue directions relieving the Licensee of its obligation under paragraph 1 above in respect of such parts of the Distribution Code and to such extent as may be specified in those directions.

DRAFT FOLLOWING SECOND CONSULTATION

Condition 5: Security arrangements

1. The Licensee shall comply with the provisions of the Northern Ireland Fuel Security Code and such provisions shall have effect as if they were set out in this licence.
2. The Northern Ireland Fuel Security Code may be amended in accordance with its provisions.

DRAFT FOLLOWING SECOND CONSULTATION

Condition 6: Central despatch and merit order

1. The Licensee shall submit all available generation sets in Northern Ireland and all interconnector transfers from or into Northern Ireland to central despatch by the Transmission System Operator.
2. The Licensee shall at such times and in such manner as may be provided under the Grid Code provide the Transmission System Operator with all information reasonably required by it to enable it, in conformity with the conditions of the Transmission System Operator licence:
 - (a) to operate the system of central despatch; and
 - (b) to operate the merit order system.
3. In this Condition:

available has the meaning given to it from time to time in the Grid Code.

central despatch has the meaning given to it from time to time in the Grid Code.

interconnector transfer has the meaning given to it from time to time in the Grid Code.

merit order system has the meaning given to it from time to time in the Grid Code.

DRAFT FOLLOWING SECOND CONSULTATION

Condition 7: System Support Services

1. The Licensee shall from time to time upon request by the Transmission System Operator offer terms for the provision by the Licensee of System Support Services from any generation set of the Licensee which is capable of operating.
2. The Licensee shall from time to time upon request of the Authority provide to the Authority a report containing details of:
 - (a) prices offered pursuant to paragraph 1 for the provision of System Support Services from each generation set of the Licensee; and
 - (b) an explanation of the factors justifying the prices offered including (without limitation) details of the Licensee's costs associated with making available such System Support Services in conformity with the Grid Code and of providing the same to the Transmission System Operator.
3. Paragraphs 1 and 2 shall only have effect from such date as the Authority shall specify in directions issued to the Licensee for the purpose of this Condition and in relation to the provision by the Licensee of System Support Services other than those for which, at the date so specified, it shall already have contracted.
4. Upon the application of the Transmission System Operator wishing to question the terms offered pursuant to paragraph 1, the Authority may pursuant to Article 11(3)(c) of the Order, settle any terms of the agreement in dispute between the Transmission System Operator and the Licensee in such manner as appears to the Authority to be reasonable.
5. Insofar as the Transmission System Operator wishes to proceed on the basis of the terms as settled by the Authority, the Licensee shall forthwith enter into and implement such agreement in accordance with its terms.

Condition 8: Compulsory acquisition of land

[This Condition will be included in the licence of any licensee in whose existing generation licence it is currently effective]

- 1 Subject to paragraph 5, the powers and rights conferred by or under the provisions of Schedule 3 of the Order (compulsory acquisition of land) shall have effect for the purposes set out in paragraph 2.
2. The purposes referred to in paragraph 1 are:
 - (a) the construction or extension of a generating station;
 - (b) activities connected with the construction or extension of a generating station or connected with the operation of a generating station; and
 - (c) the installation, maintenance, removal or replacement of electric lines, and electrical plant associated with them, connecting a generating station with:
 - (i) the transmission system; or
 - (ii) the distribution system or the system for the distribution of electricity of any other authorised electricity operator.
3. In paragraph 2:
 - (a) the references to **generating station** are to an electricity generating station which:
 - (i) has, or will have when its construction or extension is completed, a capacity of not less than two megawatts or such other capacity as may be specified in relation thereto by order of the Department under Article 39(3) of the Order; and

DRAFT FOLLOWING SECOND CONSULTATION

- (ii) is, or will be when its construction or extension is completed, operated by or for the Licensee; and
 - (b) **extension** in relation to a generating station includes the use by the person operating the station of any land (wherever situated) for a purpose directly related to the generation of electricity by that station.
- 4. If the Authority shall be satisfied that it shall be desirable, having regard to the proximity of the land in question to any other land occupied by the Licensee under a relevant lease, that any land acquired by the Licensee, whether or not using the powers referred to in paragraph 1, should be held by the Licensee under a relevant lease, it may issue directions to the Licensee requiring the Licensee to transfer to the Transmission Owner the freehold interest in the land in question upon condition that there shall be immediately granted to the Licensee out of such freehold interest a leasehold interest upon the same terms as the relevant lease to which the Licensee is already a party of the land which shall be closest to the land acquired by the Licensee using the powers referred to in paragraph 1.
- 5. The powers referred to in paragraph 1 shall not apply to land forming part of the land bank.
- 6. Paragraphs 1 to 5 inclusive:
 - (a) shall cease to have effect on [*date*] unless the Authority shall before such date have substituted a later date in directions issued to the Licensee for the purposes of this Condition; and
 - (b) may be brought into effect after they shall have ceased to have effect on such date as the Authority shall specify in directions issued to the Licensee for the purposes of this Condition.
- 7. In this Condition:

Condition 9: Powers to carry out road works etc

[This Condition will be included in the licence of any licensee in whose existing generation licence it is currently effective]

- 1 For the purpose of enabling the Licensee to carry on its authorised activities, the powers and rights conferred by or under the provisions of Schedule 4 of the Order (other powers, etc., of licence holders) shall, subject to paragraph 3, have effect and may be exercised by carrying out works:
 - (a) in relation to, or in pursuance of, the installation, inspection, maintenance, adjustment, repair, alteration, replacement and removal of:
 - (i) electric lines specified in paragraph 2;
 - (ii) electrical plant associated with such lines;
 - (iii) any structures for housing or covering such lines or plant;
 - (b) in relation to the installation of electrical plant to be used in connection with a generating station or the operation of such station;
 - (c) in relation to electric lines or electrical plant as if the references to them in Schedule 4 of the Order includes pipes used or intended to be used for conveying heat produced in association with electricity and steam produced from air and water heated by such heat and associated works in relation to such pipes and as if **associated works** had the meaning given in Article 13(3) of the Order.
2. Electric lines are specified for the purposes of sub-paragraph 1(a):
 - (a) if they connect, or will connect when installed, a generating station with:
 - (i) the transmission system; or

DRAFT FOLLOWING SECOND CONSULTATION

- (ii) the distribution system or the system for the distribution of electricity of any authorised electricity operator; and
 - (b) where **electric lines** has the extended meaning given by paragraph 1(c), if they connect a generating station with any premises.
3. Paragraph 15 of Schedule 4 of the Order shall apply to the Licensee if:
- (a) it wishes to exercise its right of entry on land for the purpose of establishing whether or not the land is suitable for the construction or extension of a generating station; and
 - (b) it obtains the consent of the Authority before exercising those rights.
4. In this Condition:

authorised activities means the activities which the Licensee is authorised by this licence to carry on, and shall include any purpose connected with the supply to any premises of heat produced in association with electricity and steam produced from air and water heated by such heat.

extension has the meaning given in paragraph 3 of Condition 8.

generating station has the meaning given in paragraph 3 of Condition 8.

5. Paragraphs 1 to 4 inclusive:

DRAFT FOLLOWING SECOND CONSULTATION

- (a) shall cease to have effect on [*date*] unless the Authority shall before such date have substituted a later date in directions issued to the Licensee for the purposes of this Condition; and
- (b) may be brought into effect after they shall have ceased to have effect on such date as the Authority shall specify in directions issued to the Licensee for the purposes of this Condition.

DRAFT FOLLOWING SECOND CONSULTATION

Condition 10: Health and safety of employees

1. The Licensee shall:
 - (a) acting jointly and in co-operation with the holders of other licences granted under the Order, consider and discuss matters of mutual concern in respect of the health and safety of persons employed by them; and
 - (b) establish and maintain appropriate processes for consultation with representatives of the Licensee's employees in respect of the health and safety of those employees.

DRAFT FOLLOWING SECOND CONSULTATION

Condition 11: Provision of information to the Authority

1. Subject to paragraph 3, the Licensee shall furnish to the Authority, in such manner and at such times as the Authority may require, such information and shall procure and furnish to it such reports, as the Authority may consider necessary in the light of the Conditions or as it may require for the purpose of performing:
 - (a) the functions assigned to it by or under the Order, the Energy Order, the SEM Order or the Directive Regulations; and
 - (b) any functions transferred to it under the Order, the Energy Order, the SEM Order or the Directive Regulations.
2. Without prejudice to the generality of paragraph 1, the Authority may call for the furnishing of accounting information which is more extensive than or differs from that required to be prepared and supplied to the Authority under Condition 2.
3. The Licensee may not be required by the Authority to furnish it under this Condition with any information required in relation to an enforcement matter which the Licensee could not be compelled to produce or give in evidence in civil proceedings in the High Court.
4. The power of the Authority to call for information under paragraph 1 is in addition to the power of the Authority to call for information under or pursuant to any other Condition.
5. The Licensee shall, in accordance with any direction that may from time to time be given by the Authority, retain information described or specified, for such minimum period as may be specified, in the direction.
6. In paragraphs 1 to 5 **information** shall include any documents, accounts, estimates, returns or reports (whether or not prepared specifically at the request of the Authority) of any description specified by the Authority.

Condition 12: Payment of fees

1. The Licensee shall, at the times stated hereunder, pay to the Department fees of the amount specified in, or determined under, the following paragraphs of this Condition.
2. Within 30 days after the grant of this licence the Licensee shall pay to the Department a fee of £80,300.
3. In respect of the year beginning on 1 April in 1993 and in each subsequent year, the Licensee shall pay to the Department a fee which is the aggregate of the following amounts:
 - (a) an amount which is a proportion, as determined by the Authority, of the amount estimated by the Authority, according to a method which has previously been disclosed in writing to the Licensee, as likely to be its costs during the year in question (i) in the exercise of its general functions under the Order, the Energy Order, the SEM Order and the Directive Regulations in relation to the holders of licences granted under Article 10 of the Order but excluding its costs and expenses incurred or to be incurred in developing the requisite arrangements provided for in Condition 15 and (ii) in connection with the establishment of the Authority and the transfer to the Authority of the functions, property, rights and liabilities of the Director;
 - (b) an amount which is a proportion as determined by the Authority of the amount estimated by the Authority (in consultation with the Competition Commission) as having been incurred in the calendar year immediately preceding the 1 April in question by the Competition Commission in connection with references made to it under Article 15 of the Order with respect to this licence or any other licence issued under Article 10(1)(a) of the Order; and
 - (c) the difference (being a positive or a negative amount), if any, between:

DRAFT FOLLOWING SECOND CONSULTATION

- (i) the amount of the fee paid by the Licensee in respect of the year immediately preceding the 1 April in question less any refund paid to the Licensee in respect of that year under paragraph 4; and
- (ii) the amount which that fee would have been in respect of that year had the amount comprised therein under sub-paragraph (a) above been calculated by reference to the total costs of the Authority in connection with its functions under the Order, the SEM Order and the Directive Regulations and its functions in relation to electricity under the Energy Order (or, where that year commenced on 1 April 2002, the total costs of the Director including without limitation any costs incurred by the Director in preparation for the establishment of the Authority, the transfer to the Authority of the functions, property, rights and liabilities of the Director and the abolition of the Director and the consumer committee and the proportion thereof actually attributable to the Licensee (such total costs being apportioned as determined by the Authority according to a method previously disclosed in writing to the Licensee),

and the fee shall be paid by the Licensee to the Department within one month of the Authority giving notice to the Licensee of its amount if that notice is given within six months of the beginning of the year in respect of which the fee is payable.

- 4. In respect of each year beginning on 1 April 1998 and for each subsequent year, the Authority may pay the Licensee an amount (**the refund**) calculated in accordance with the method previously disclosed in writing to the Licensee and by reference to the difference between:
 - (a) the proportion of the licence fee for that year paid by the Licensee which is attributable to the Authority's estimates in accordance with paragraph 3(a); and
 - (b) the Authority's reasonable revised estimate of those costs;

DRAFT FOLLOWING SECOND CONSULTATION

provided that any such refund shall be paid to the Licensee on or before 31 March in the year to which the licence fee relates.

5. In this Condition:

Director means the Director General of Electricity Supply for Northern Ireland; and

consumer committee means the committee appointed by the Director under Article 7 of the Order.

DRAFT FOLLOWING SECOND CONSULTATION

Condition 13: Cancellable Generating Unit Agreements

1. The Licensee shall not exercise any right, howsoever arising, to terminate any of the cancellable generating unit agreements unless any contract which it shall enter into in relation to the generation set or combination of generation sets in respect of which the cancellable generating unit agreement so terminated applied shall contain a provision in the terms provided for in paragraph 3.
2. Any new contract of the kind referred to in paragraph 1, and any other contract in relation to the generation set or combination of generation sets in respect of which a cancellable generating unit agreement which shall have been terminated by effluxion of time applied, shall become a cancellable generating unit agreement, and Schedule 2 shall be modified so as to include the new contract or contracts in place of the cancellable generating unit agreement or cancellable generating unit agreements which shall have been terminated. No such amendment may alter the date appearing opposite the relevant cancellable generating unit agreement in Schedule 2.
3. The terms referred to in paragraph 1 are:

“Termination following Authority’s Notice”

“Notwithstanding any other provision of this agreement, either party shall be entitled to terminate this agreement if each party shall have received from the Northern Ireland Authority for Energy Regulation (the “Authority”) a notice directing it to do so (in the case of Northern Ireland Electricity plc) pursuant to Condition 7 of Part III of the licence granted under Article 10(1)(b) of the Electricity (Northern Ireland) Order 1992 to Northern Ireland Electricity plc, and (in the case of Kilroot Power Limited) pursuant to Condition 20 of the licence granted under Article 10(1)(a) of the Electricity (Northern Ireland) Order 1992 to Kilroot Power Limited.”

“Such termination shall have effect upon the later of:

DRAFT FOLLOWING SECOND CONSULTATION

- (a) [insert earliest cancellation date for that cancellable generating unit agreement];
and
- (b) the date or the happening of such event as shall be specified for such termination in the Authority's notice."

"Neither party shall have any right of action against the other by virtue only of such termination, but subject thereto nothing herein shall affect any accrued rights and obligations of the parties."

- 4. The Licensee shall not agree to any amendment or deletion of the provision in any cancellable generating unit agreement which entitles either or both parties to terminate the agreement after receipt of a cancellation direction.

Condition 14: Single Electricity Market Trading and Settlement Code

1. The Licensee shall, in respect of any generation sets which are owned or operated by it and which are not the subject of an agreement to which paragraph 2 applies:
 - (a) be a party to the Single Electricity Market Trading and Settlement Code; and
 - (b) comply with the Single Electricity Market Trading and Settlement Code in so far as applicable to it in its capacity as the holder of a licence under Article 10(1)(a) of the Order.

2. An agreement to which this paragraph applies is an agreement entered into by the Licensee, with the prior consent of the Authority, to:
 - (a) appoint an appropriate person to act as an Intermediary under the Single Electricity Market Trading and Settlement Code in respect of any generation sets which are owned or operated by the Licensee and specified in the agreement;
 - (b) secure that the appointed person becomes a party to the Single Electricity Market Trading and Settlement Code; and
 - (c) secure that the appointed person complies with its obligations, in relation to the generation sets which are owned or operated by the Licensee and specified in the agreement, in the capacity of Intermediary under the Single Electricity Market Trading and Settlement Code.

DRAFT FOLLOWING SECOND CONSULTATION

Condition 15: Modification of Supply Competition Code and cancellation of contracts

- 1 When the Authority shall have determined that the requisite arrangements have been developed and that they satisfy the requirements of paragraph 3, it shall be entitled to exercise the powers specified in paragraph 4, provided that the procedural requirements of paragraph 6 have been followed.
- 2 The requisite arrangements are arrangements which, if implemented by means of the making of modifications of the Supply Competition Code, the Grid Code and the Northern Ireland Fuel Security Code, or otherwise implemented (in whole or in part) under or by virtue of the powers contained in the Electricity (Single Wholesale Market) (Northern Ireland) Order 2007, would facilitate an increase in competition in the generation of electricity available for supply in Northern Ireland or the supply of electricity in Northern Ireland for the benefit of consumers of electricity in Northern Ireland in respect of the prices charged and the other terms of supply, the continuity of supply and the quality of the electricity supply services provided.
- 3 The requirements of this paragraph are:
 - (A) that there is available for immediate establishment an electricity trading system by which (except as provided in paragraph 7) the power procurement manager and all licence holders will be bound and which, in the opinion of the Authority, will:
 - (i) constitute proper and adequate arrangements for the trading of electricity and the calculation and settlement of payments due for the provision of available generating capacity and the delivery or supply of electricity;
 - (ii) ensure that adequate arrangements are in place for the provision by relevant generators of all necessary System Support Services and the proper remuneration of those services;
 - (iii) be based upon a system of despatch of generation sets which is technically

viable and will not prejudice the security and stability of the total system or any part of it;

- (iv) ensure that there are adequate incentives for relevant generators to make available such generation capacity as will in aggregate be at least sufficient to ensure that all reasonable demands for electricity in Northern Ireland are satisfied;
- (v) ensure that all generators and relevant licensed suppliers are contractually bound to comply with the provisions of the Northern Ireland Fuel Security Code or, to the extent superseded by any other code or arrangement, such other code or arrangement;
- (vi) ensure that either:
 - (a) relevant suppliers shall contract for or acquire, in aggregate, amounts of generation capacity and quantities of electricity from the power procurement manager which are not less than the amounts of generation capacity and quantities of electricity for which the power procurement manager is committed to pay under:
 - A. the power purchase agreements to which the power procurement manager is a party and which are cancellable generating unit agreements which at all relevant times have not been cancelled; and
 - B. the power purchase agreements to which the power procurement manager is a party and which are not liable to be cancelled;
 - or:
 - (b) arrangements are in place pursuant to which the power

DRAFT FOLLOWING SECOND CONSULTATION

procurement manager is entitled to recover monies equal to the shortfall (if any) between the sums it pays for amounts of generation capacity and quantities of electricity under:

- A. the power purchase agreements to which the power procurement manager is a party and which are cancellable generating unit agreements which at all relevant times have not been cancelled; and
- B. any power purchase agreements to which the power procurement manager is a party and which are not liable to be cancelled;

and the amounts it recovers for the provision of such generation capacity and the sale of such quantities of electricity.

- (vii) not in its operation require any generator to breach any obligation incumbent upon it under the Large Combustion Plants (Control of Emissions) Regulations (Northern Ireland) 1991 in relation to emissions;
- (viii) contain arrangements which will ensure that each generator which shall be a party to a cancellable generating unit agreement, for so long as such agreement shall not have been cancelled, shall be in no worse a financial position in respect of its rights under that cancellable generating unit agreement by reason of the operation of Clause 7.3.2 of each power station agreement;
- (ix) ensure that an appropriate share of the costs of the Land Bank Business shall be borne by each relevant supplier;
- (x) not, in its operation, cause the licensee to be unable to finance the carrying on of the activities which it is authorised by this licence to carry on; and

DRAFT FOLLOWING SECOND CONSULTATION

- (B) that each generator which shall have applied for a licence under Article 10(2) of the Order to have effect from the date upon which any cancellable generating unit agreement to which it is a party is to be cancelled, shall have been granted such a licence, provided -
- (a) the Authority shall at the relevant time have power under Article 10 of the Order to grant such a licence;
 - (b) the criteria for the grant of such a licence shall otherwise have been satisfied at the date of the application and the date upon which it is first to have effect; and
 - (c) there shall have been no material change in the circumstances of the applicant in any relevant respect between the date of the application and the date upon which the licence is to have effect.
- 4 The powers referred to in paragraph 1 are powers to serve upon the power procurement manager and the generator under a cancellable generating unit agreement a notice directing them to terminate the cancellable generating unit agreement pursuant to Clause 9.3 thereof upon such date or the happening of such event as shall be specified in the notice. The licensee shall comply with such a direction addressed to him.
- 5 The powers specified in paragraph 4 may not be exercised in relation to any cancellable generating unit agreement in the table appearing in Schedule 2 earlier than the date appearing opposite that cancellable generating unit agreement in that table. The Authority may, in relation to any cancellable generating unit agreement and upon the application of either party to that cancellable generating unit agreement, modify the table appearing in Schedule 2 by substituting a later date for the date appearing opposite that agreement in that table.
- 6 The procedural requirements which require to have been followed for the purposes of paragraph 1 are:

DRAFT FOLLOWING SECOND CONSULTATION

- (a) in its preparations for the making of the determination referred to in paragraph 1, the Authority shall have consulted with the Department, all licence holders, the power procurement manager, the General Consumer Council and such other persons as the Authority shall consider likely to be materially affected in relation to the steps that it believes require to be taken and the documentation and other obligations which it believes require to be entered into, imposed or assumed in order to satisfy the requirements of paragraph 3 and to create and implement the requisite arrangements;
- (b) in the consultations referred to in sub-paragraph (a) above, the Authority shall have made available to each person so consulted such drafts of the documentation in question and of the instruments or other means by which the obligations in question are to be imposed or assumed, as it shall consider are necessary so as properly to inform such persons of the detail of its proposals;
- (c) the Authority shall have given each person so consulted the opportunity to make representations in relation to the relevant steps and the relevant documentation and shall have taken into consideration all such representations (other than those which are frivolous or trivial) in making the determination;
- (d) the Authority shall have published its conclusions as to the relevant steps and the relevant documentation (including drafts of the relevant documentation) and its reasons for those conclusions;
- (e) the Authority shall, before exercising any power under paragraph 4, have given not less than 180 days' notice to the Department, the power procurement manager, every person who at the time it gives the notice is a licence holder, and the General Consumer Council that it intends to do so; and
- (f) the Authority shall, in publishing any statement of proposals or the reasons for them, have treated as confidential any representation (including any submission of any written material) which (and to the extent that) the person making the

DRAFT FOLLOWING SECOND CONSULTATION

representation shall, by notice in writing to the Authority or by endorsement on the representation of words indicating the confidential nature of such representation, have specified as confidential information.

- 7 The rules of the electricity trading system referred to in paragraph 3(A) contained in the Supply Competition Code as modified by the Authority in the exercise of its powers under paragraph 4 of Condition 19 or in any instrument code, agreement or other document having effect (in whole or in part) under or by virtue of the powers contained in the Electricity (Single Wholesale Market) (Northern Ireland) Order 2007, may provide that they are to apply to all licence holders except if and to the extent that:
- (a) they permit the Authority to relieve the licence holder in question from compliance with them or any of them; or
 - (b) they make provision that they are to apply to particular licence holders or classes of licence holder differently from the way or ways in which they apply to other licence holders.
- 8 Notwithstanding paragraph 6, the Authority shall be entitled, after having carried out the consultations referred to in paragraph 6 and published its conclusions, both before and after it shall have given any notice of the kind referred to in sub-paragraph (e) of paragraph 6, to make any modification of the relevant documentation which either:
- (a) is, in its opinion, necessary or desirable in order to refine the requisite arrangements;
 - (b) involves only a change of a technical nature in the requisite arrangements; and
 - (c) will not increase the liability or decrease the rights of any person bound or to be bound by the Supply Competition Code beyond what may be regarded as reasonable in relation to that person;

provided it gives due notice of such amendment or variation to such persons as appear to

it to be likely to be affected thereby,

or

is made in accordance with the provisions of the relevant documentation being modified.

9 The implementation of the requisite arrangements may be secured (in whole or in part) either:

- (a) by the exercise by the Authority of its powers:
 - (i) under paragraph 4 of Condition 19 (to make modifications of the Supply Competition Code);
 - (ii) referred to in paragraph 4 of Condition 4 (to direct the transmission licensee to revise the Grid Code);
 - (iii) under paragraph 12 of Condition 3 of Part III of the transmission licence granted to Northern Ireland Electricity plc (to direct the transmission licensee to alter the form of the bulk supply tariff);
 - (iv) under paragraph 9 of Condition 6 of Part IV of the transmission licence granted to Northern Ireland Electricity plc (to direct that the economic purchasing obligation of Northern Ireland Electricity plc as public electricity supplier shall come into force); and
 - (v) under Clause 2.01(F) of Part 2 of the Northern Ireland Fuel Security Code (to make amendments to that Code);

or

- (b) by the exercise of powers under or by virtue of the Electricity (Single Market) Northern Ireland Order 2007.

10 The licensee shall afford the Authority such co-operation as it shall in directions issued to

the licensee for the purposes of this Condition request in developing and testing its proposals for the establishment of the requisite arrangements and the electricity trading system referred to in paragraph 3(A).

11 The licensee's reasonable direct costs of complying with a request made under paragraph 10 (incurred prior to the date upon which the Authority shall have first exercised its cancellation powers and for which an invoice shall have been submitted by the licensee to the transmission licensee not later than 2 months prior to the date upon which the first cancellation direction shall take effect) shall be audited in such manner as the Authority shall from time to time require and shall be recoverable from the transmission licensee.

12 In this Condition:

power procurement manager shall:

- (a) whilst Condition 1 of this licence contains a definition of that term have the meaning given to that term in that condition; and
- (b) where Condition 1 of this licence does not contain a definition of that term shall mean the Power Procurement Business.

Land Bank Business has the meaning given to that expression in the transmission licence granted to Northern Ireland Electricity plc on 31 March 1992;

relevant documentation means the documentation and other obligations referred to in sub-paragraph (a) of paragraph 6;

relevant generator means a generator and/or a person granted a licence pursuant to Section 14(1)(a) of the Electricity Regulation Act 1999 to engage in the

generation of electricity;

relevant steps

means the steps referred to in sub-paragraph (a) of paragraph 6; and

requisite arrangements

means the arrangements referred to as such in paragraph 2.

DRAFT FOLLOWING SECOND CONSULTATION

Condition 16: Provision of Information

1. The Licensee shall furnish to the Transmission System Operator in such manner and at such times as may be required, such information as may reasonably be required, and which the Authority deems necessary, by the Transmission System Operator in order to comply with its obligations in relation to any authorised business or activity.
2. The information provided under paragraph 1 shall be furnished in accordance with directions issued by the Authority from time to time.

Condition 17: Cost-Reflective Bidding in the Single Electricity Market

1. The Licensee shall ensure that the price components of all Commercial Offer Data submitted to the Single Market Operation Business under the Single Electricity Market Trading and Settlement Code, whether by the Licensee itself or by any person acting on its behalf in relation to a generation set for which the Licensee is the licensed generator, are cost-reflective.
2. For the purposes of this Condition, the price component of any Commercial Offer Data shall be treated as cost-reflective only if, in relation to each relevant generation set, the Schedule Production Cost related to that generation set in respect of the Trading Day to which the Commercial Offer Data submitted by or on behalf of the Licensee apply is equal to the Short Run Marginal Cost related to that generation set in respect of that Trading Day.
3. For the purposes of paragraph 2, the Short Run Marginal Cost related to a generation set in respect of a Trading Day is to be calculated as:
 - (a) the total costs that would be attributable to the ownership, operation and maintenance of that generation set during that Trading Day if the generation set were operating to generate electricity during that day;minus
 - (b) the total costs that would be attributable to the ownership, operation and maintenance of that generation set during that Trading Day if the generation set was not operating to generate electricity during that day,the result of which calculation may be either a negative or a positive number.
4. For the purposes of paragraph 3, the costs attributable to the ownership, operation or maintenance of a generation set shall be deemed, in respect of each relevant cost-item, to be the Opportunity Cost of that cost-item in relation to the relevant Trading Day.

DRAFT FOLLOWING SECOND CONSULTATION

5. The Authority may publish and, following consultation with generators and such other persons as it considers appropriate, from time to time by direction amend, a document to be known as the Bidding Code of Practice, which shall have the purposes of:
 - (a) defining the term Opportunity Cost;
 - (b) making provision, in respect of the calculation by the Licensee and other generators of the Opportunity Cost of specified cost-items, for the treatment of:
 - (i) the costs of fuel used by generators in the generation of electricity;
 - (ii) the value to be attributed to credits issued under the Emissions Trading Scheme established by the European Commission;
 - (iii) variable operational and maintenance costs;
 - (iv) start-up and no load costs; and
 - (v) any other costs attributable to the generation of electricity; and
 - (c) setting out such other principles of good market behaviour as, in the opinion of the Authority, should be observed by the Licensee and other generators in carrying out the activity to which paragraph 1 refers.
6. The Licensee shall, in carrying out the activity to which paragraph 1 refers, act so as to ensure its compliance with the requirements of the Bidding Code of Practice.
7. The Authority may issue directions to the Licensee for the purpose of securing that the Licensee, in carrying out the activity to which paragraph 1 refers, complies with the requirements of this Condition and of the Bidding Code of Practice, and the Licensee shall comply with any such directions.
8. The Licensee shall retain each set of Commercial Offer Data, and all of its supporting data relevant to the calculation of the price component of that Commercial Offer Data, for a period of at least four years commencing on the date on which the Commercial

DRAFT FOLLOWING SECOND CONSULTATION

Offer Data is submitted to the Single Market Operation Business.

9. The Licensee shall, if requested to do so by the Authority, provide the Authority with:
 - (a) a reasoned explanation of its calculations in relation to any Commercial Offer Data; and
 - (b) supporting evidence sufficient to establish the consistency of that data with the obligations of the Licensee under this Condition.
10. In any case in which Commercial Offer Data are submitted to the Single Market Operation Business which are not consistent with the Licensee's obligation under paragraph 1 of this Condition, the Licensee shall immediately inform the Authority and provide to the Authority a statement of its reasons for the Commercial Offer Data submitted.
11. The Licensee shall by 1 June in each year submit to the Authority a certificate, signed by at least one director on behalf of the board of directors of the Licensee, to confirm that during the period of twelve months ending on the preceding 31 March:
 - (a) it has acted independently in relation to all submissions of Commercial Offer Data that have been made, by it or on its behalf, under the Single Electricity Market Trading and Settlement Code; and
 - (b) no such submissions made by it or on its behalf have been co-ordinated with any other submissions made by or on behalf of any other party to the Code.

DRAFT FOLLOWING SECOND CONSULTATION

12. The provisions of paragraphs 1 to 11 shall not apply in respect of any generation set in relation to which the Power Procurement Business is, in accordance with an Intermediary Agreement with the Licensee, acting as an Intermediary under the Single Electricity Market Trading and Settlement Code.

13. In this Condition:

Bidding Code of Practice means the document of that title published by the Authority in accordance with paragraph 5, as it may be amended from time to time.

Commercial Offer Data has the meaning given to it in the Single Electricity Market Trading and Settlement Code, as it may be amended from time to time.

Intermediary Agreement means the agreement entered into by the Licensee pursuant to Condition 18.

Opportunity Cost shall have the meaning set out in, and the value calculated in accordance with, the terms of the Bidding Code of Practice.

Schedule Production Cost has the meaning given to it in the Single Electricity Market Trading and Settlement Code, as it may be amended from time to time.

Short Run Marginal Cost means certain costs attributable to the ownership, operation and maintenance of a generation set, as calculated in accordance with paragraph 3 of this Condition.

Single Market Operation has the meaning given to it in the market operator

Condition 18: Intermediary Agreement

1. The Licensee shall, in conjunction and co-operation with the Power Procurement Business, prepare and seek to agree with the Power Procurement Business the terms of an agreement between them to be known as an Intermediary Agreement.
2. The Authority may:
 - (a) in default of agreement between the Licensee and the Power Procurement Business as to the terms of an Intermediary Agreement, determine the form and content of that agreement; or
 - (b) where the Licensee and the Power Procurement Business agree the terms of the Intermediary Agreement, approve that agreement subject to such modifications as the Authority may consider appropriate.
3. The Authority may, by a direction given in writing, direct the Licensee to enter into any Intermediary Agreement which has been determined or approved by the Authority in accordance with paragraph 2, and the Licensee shall comply with that direction by any date that may be set out therein.
4. The Licensee shall at all times comply with any Intermediary Agreement entered into by it in accordance with this Condition.
5. For the purposes of paragraphs 1 to 4, an Intermediary Agreement:
 - (a) shall be a contractually-binding agreement designed to govern the relationship between the Licensee and the Power Procurement Business in respect of the Power Procurement Business acting as an Intermediary in relation to the agreements specified at Schedule 2, for so long as such agreements remain extant;

- (b) shall specify the categories and detailed descriptions of data to be provided by the Licensee to the Power Procurement Business to enable the Power Procurement Business to comply with its obligations under Condition [57] (Cost-Reflective Bidding in the Single Electricity Market) of the NIE Energy Supply Licence in respect of generation sets which are the subject of the agreements specified at Schedule 2;
- (c) shall require that the Licensee provides the data referred to in sub-paragraph (b) to the Power Procurement Business in a form which is both timely and accurate; and
- (d) shall make such further provision as may be necessary or expedient to ensure that:
 - (i) the Power Procurement Business is able to comply with its obligations under Condition [57] (Cost-Reflective Bidding in the Single Electricity Market) of the NIE Energy Supply Licence; and
 - (ii) the Licensee and the Power Procurement Business are able to comply with their respective obligations under their licences and the Single Electricity Market Trading and Settlement Code,

in respect of generation sets which are the subject of the agreements specified at Schedule 2,

but may not make any provision which has the effect of increasing the liability or limiting the rights – in either case as contained in the Intermediary Agreement or any agreement specified at Schedule 2 – of a party to the Intermediary Agreement other than where it is, in the opinion of the Authority, reasonable in all the circumstances for such a provision to be made in relation to that party.

6. The Licensee shall from time to time, in conjunction and co-operation with the Power Procurement Business, review the terms and operation of an Intermediary Agreement,
