

Single Electricity Market (SEM) PLEXOS Model Validation Workshop

7th April 2008

The Commission for Energy Regulation (CER) and the Northern Ireland Authority for Utility Regulation (NIAUR) (jointly known as the Regulatory Authorities) will be holding a workshop for interested parties on the second PLEXOS validation project.

This year's validation project comprised two key elements, which will be the focus of the workshop.

1. Validation of the SEM PLEXOS model input data for 2008 and 2009
2. Calibration of the SEM PLEXOS model to actual half hourly ex post market outcomes for the first four months of the market.

The workshop will take place on Tuesday 15th April at 14:00 in CER Offices in Tallaght, Dublin 24.

Interested parties wishing to attend are required to register with James Curtin (jcurtin@cer.ie) no later than 12:00 Thursday 10th April.
