

# All-Island TUoS/TLAF harmonization workshop

Mark Needham

Dundalk  
March 3<sup>rd</sup> 2009

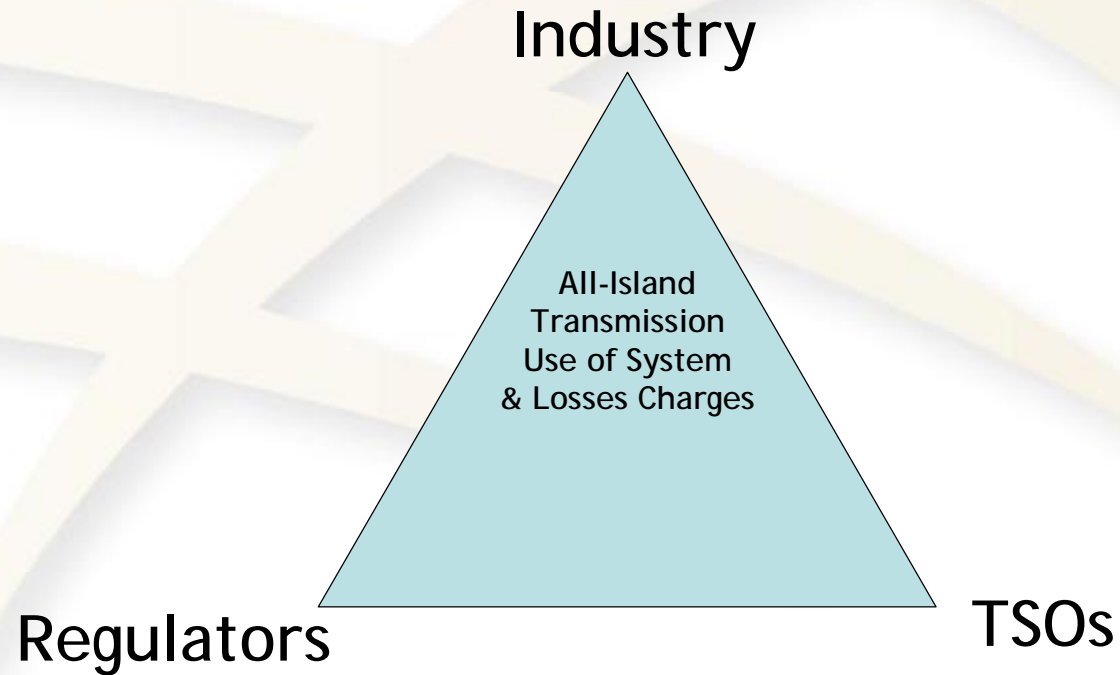

# Purpose-starting afresh

- Get your views and position...
- As holistic as possible...
- No pre-conditions with regard to Use of System and Losses charges...
- Open to lateral or alternative suggestions
- Learn from the past...

# Collaborative Approach

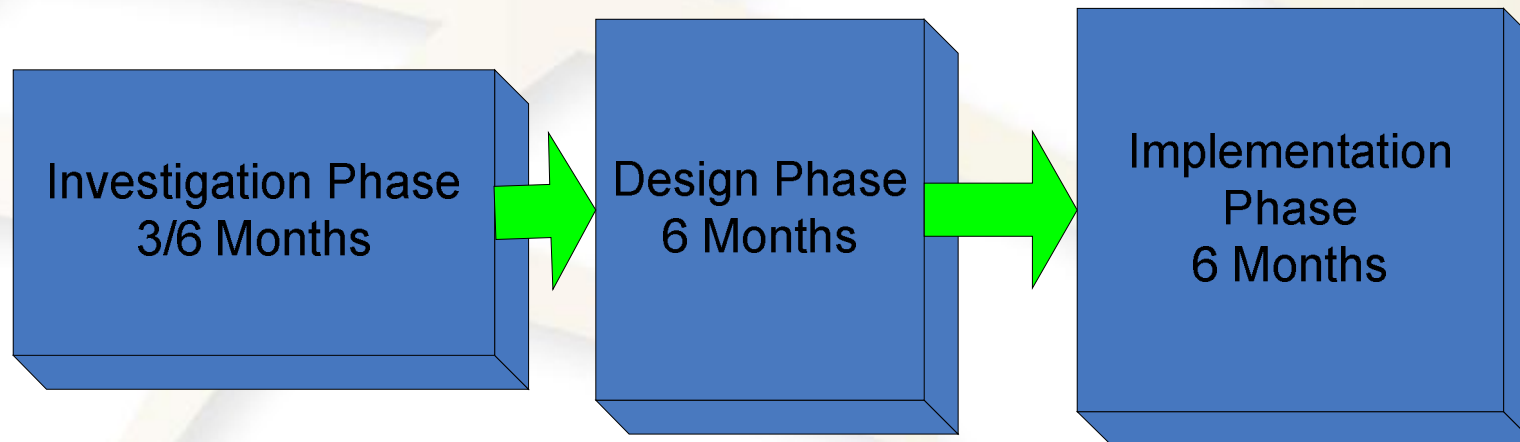

# What are we reviewing?

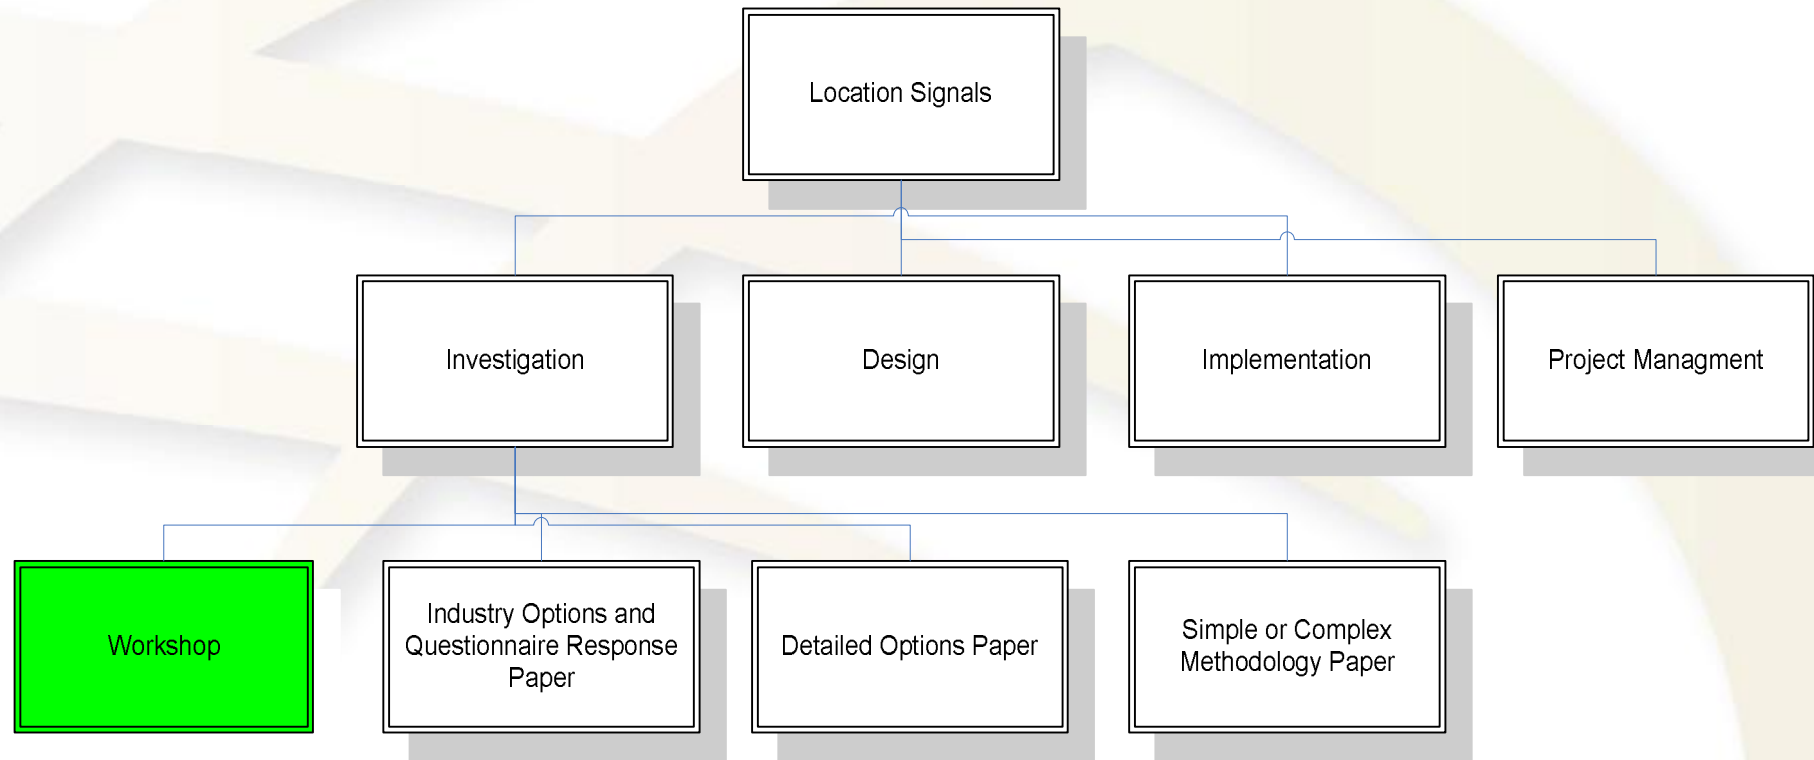

- **Should we have locational signals?**
  - EU Regulation 1228/2003
  - SEM....Environment has changed dramatically
- **What are the generic associated issues?**
- **What should the objectives be?**

# Overview of project

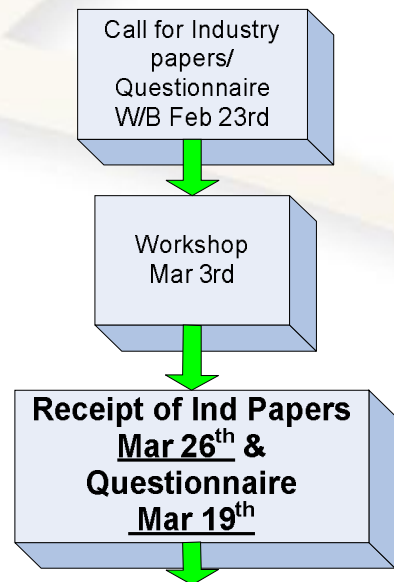

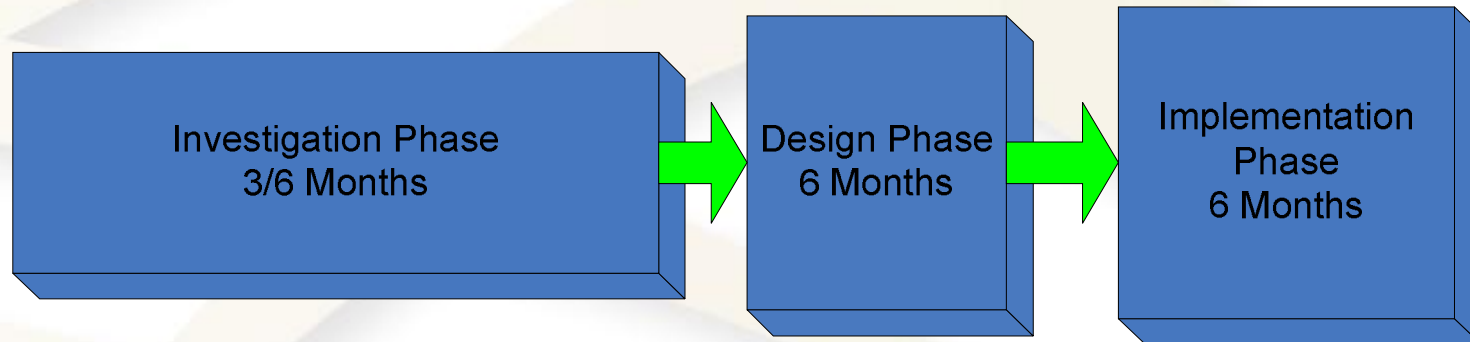

# Overview of Sections

# Your Early Input....

## Workshop/Questionnaire/Papers

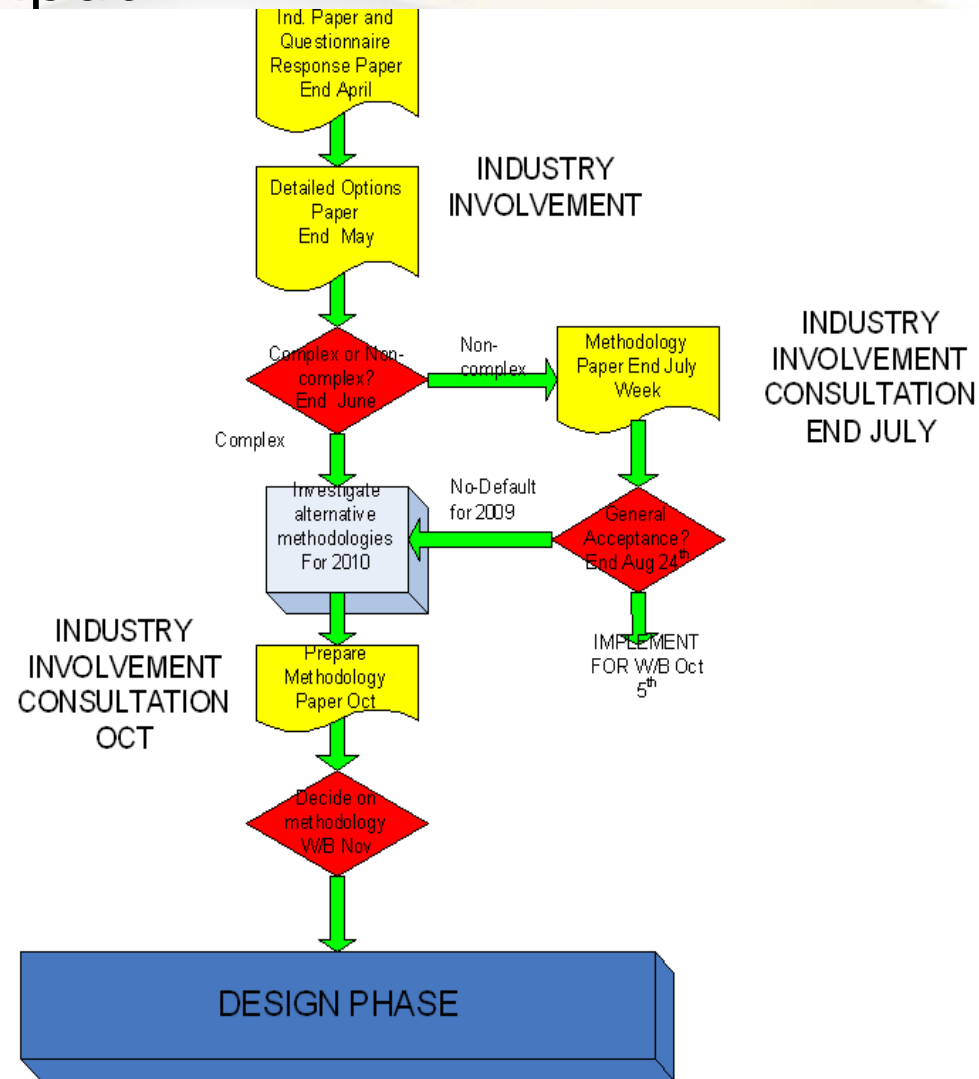

INDUSTRY INVOLVEMENT ATTENDANCE

INDUSTRY INVOLVEMENT RECEIPT OF PAPERS

# Continued... Your later input...

# Approach

- Stimulate early discussion on issues & objectives
- Open
- Identify if consensus is possible..allow for response
- Use issues to drive the design and implementation
- Your role...TALK TODAY, Questionnaire & Papers!!!
