Agreed Procedure 11 "Market System Operation, Testing, Upgrading and Support"			

1. INTRODUCTION

1.1. Background and Purpose

This Agreed Procedure supplements the Modifications Process set out in the Trading and Settlement Code (hereinafter referred to as the “**Code**”). It sets out procedures with which Parties to the Code must comply.

1.2. Scope of Agreed Procedure

This Agreed Procedure defines the procedural steps to be followed by the Secretariat, Chairperson, and Members with respect to:

- (a) the arrangement, location and form of Meetings;
- (b) the Quorum and voting procedures;
- (c) the communication of the Modifications Process;
- (d) the procedural steps of how to develop Modification Proposals; and
- (e) the procedural steps on the election of Members to the Modifications Committee.

This Agreed Procedure does not cover the constitution of the Modifications Committee.

It also describes the required actions from the Regulatory Authorities to facilitate this Agreed Procedure consistent with the requirements for approval under Condition 1(c) of the Market Operator Licence.

This Agreed Procedure forms an annex to, and is governed by, the Code. It is a statement of process and procedure. Parties’ rights and obligations are set out in the Code. In the event of any conflict between a Party’s obligations set out in the Code and this Agreed Procedure, the Code shall take precedence.

1.3. Definitions

Words and expressions defined in the Code shall, unless the context otherwise requires or unless otherwise defined herein at Appendix 1 “Definitions and Abbreviations”, have the same meanings when used in this Agreed Procedure.

References to particular sections relate internally to this Agreed Procedure unless specifically noted.

1.4. Compliance with Agreed Procedure

Compliance with this Agreed Procedure is required under the terms of the Code.

2. OVERVIEW

It is not intended that there be any inconsistency or conflict between this section 2 “Overview” and section 3 “Procedural Steps”. However, in the event of any inconsistency or conflict, section 3 “Procedural Steps” shall take precedence.

2.1. Quorum

The Modifications Committee Quorum is nine Members and a representative of the Secretariat. To form a Quorum the Chairperson or Vice-chairperson must be present, together with the following Members:

- (a) at least four voting Members, of which at least two are Supplier Unit registrant representatives and at least two are Generator Unit registrant representatives;
- (b) at least one Regulatory Authorities appointee;
- (c) at least one System Operator appointee;
- (d) the Market Operator appointee; and
- (e) at least two Meter Data Provider appointees, one of which is not a System Operator.

Unless otherwise specified, the Quorum is the same for all types of meeting. A Quorum requires that Members be present at the Meeting, either in person or alternatively via video or phone conferencing or equivalent.

Any meeting at which a Quorum is not present shall be adjourned until such time as a Quorum may be achieved.

Any resolution of adjournment of a Meeting shall state when and where the next Meeting will be reconvened, and this shall be communicated by the Secretariat via the Website and the mailing list within two Working Days of the adjourned Meeting.

2.2. Voting

All decisions of the Modifications Committee shall be by simple majority vote provided that a Quorum is present, with the exception of certain decisions in respect of Agreed Procedure Modification Proposals, as outlined below. Each voting Member of the Modifications Committee is entitled to one vote.

Voting may be conducted by open ballot (each voting Member openly approving or disapproving the resolution to be made) or by a show of hands (each voting Member openly approving or disapproving the resolution to be made). In the event of a tied vote, the Chairperson (or Vice-chairperson, as appropriate) will cast the deciding vote.

In accordance with the Code, a decision may be made to accept or reject an Agreed Procedure Modification Proposal if all Members, with the exception of the Regulatory Authorities, vote unanimously. For the avoidance of doubt, a unanimous decision must include:

- (a) the Market Operator Member;
- (b) the System Operator Members; and
- (c) the Meter Data Provider Members.

If there is no unanimous decision, voting on the Agreed Procedure Modification Proposal shall be in accordance with the usual voting procedures.
