(I-SEM)

Capacity Market Code Urgent Modifications Set 1

Decision Paper – Appendix A

SEM-18-174 (a)

30th November 2018

1. CMC_14_18 – LCC MW LIMITS

1.1 CURRENT CAPACITY MARKET CODE DRAFTING

F.4.1.8 The Regulatory Authorities may by written notice to the System Operators set the Locational Capacity Constraint Required Quantity for all or specified Locational Capacity Constraints in one or more Capacity Auctions to zero and shall in the notice give reasons. If the Regulatory Authorities set the Locational Capacity Constraint Required Quantity for a Level 1 Locational Capacity Constraint to zero for a Capacity Auction under this paragraph, then all the Level 2 Locational Capacity Constraints within the Locational Capacity Constraint Area of that Level 1 Locational Capacity Constraint shall also be set to zero for that Capacity Auction.

1.2 APPROVED MODIFICATION TO CAPACITY MARKET CODE DRAFTING

Addition to CMC:

F.4.1.8 A Where the Regulatory Authorities have modified the Capacity Requirement in determining the point on the Demand Curve set out in paragraph F.3.1.4, the Regulatory Authorities may by written notice to the System Operators set the Locational Capacity Constraint Required Quantity for one or more specified Locational Capacity Constraints to a value other than that proposed by the System Operators under paragraph F.4.1.5, as modified in accordance with paragraph F.4.1.6, to reflect such adjustment. The Regulatory Authorities shall give reasons in regards to any change which will be reflected in the Final Auction Information Pack.

F.4.1.8 B If the Regulatory Authorities set the Locational Capacity Constraint Required Quantity for a Locational Capacity Constraint for a Capacity Auction under paragraph F.4.1.8A, then they will ensure:

- (a) That the Locational Capacity Constraint Required Quantity is no greater than the total quantity of Gross De-Rated Capacity (Total) in respect of Capacity Market Units that are Qualified as contributing to satisfying the Locational Capacity Constraint; and
- (b) If the Locational Capacity Constraint is a Level 1 Locational Capacity Constraint that all the Level 2 Locational Capacity Constraints within the Locational Capacity Constraint Area of that Level 1 Locational Capacity Constraint are consistent with that Level 1 Locational Capacity Constraint for that Capacity Auction.
- (c) for each Level 1 Locational Capacity Constraint, that the sum of the Locational Capacity Constraint Required Quantities of all Level 2 Locational Capacity Constraints lying within the Locational Capacity Constraint Area of that Level 1 Locational Capacity Constraint is less than or equal to the Locational Capacity Constraint Required Quantity of that Level 1 Locational Capacity Constraint.
