<b>Respondent's Name</b>	ESB Generation and Trading
<b>Type of Stakeholder</b>	Generator
<b>Contact name (for any queries)</b>	Paraic Higgins
<b>Contact Email Address</b>	<a href="mailto:Paraic.higgins@esb.ie">Paraic.higgins@esb.ie</a>
<b>Contact Telephone Number</b>	01 7027119

### CAPACITY MARKET CODE MODIFICATIONS CONSULTATION COMMENTS:

## APPENDIX C – RESPONSE TEMPLATE

ID	Proposed Modification and its Consistency with the Code Objectives	Impacts Not Identified in the Modification Proposal Form	Detailed CMC Drafting Proposed to Deliver the Modification
<p><b>CMC_04_19</b></p> <ul style="list-style-type: none"> <li>- Finalisation of Exchange Rate in Auction Information Pack</li> </ul>	<p>ESB Generation and Trading (ESB GT) believes that the principle of the modification is consistent with the Capacity Market Code objective (f) in its attempt to create a level playing field for all participants (Northern Ireland and Republic of Ireland) in the Capacity Auctions.</p>	<p>N/A</p>	<p>The SEM Committee's minded to position is to reject the modification as it does not address the issue of exception applications made by units in Northern Ireland without knowledge of the value of ECPC that will be applied in the auction.</p> <p>Considering the SEMC minded to position, ESB GT requests the SEMC to undertake further consideration (CMC B.12.11.1.c) if the modification was revised to set the final exchange rate in the initial auction information pack. Such a revised modification would look to set the final annual capacity payment exchange rate (D.3.1.2.k) in the Initial Auction Information Pack. If this revision was applied it would address the SEMC's issue and also provide participants with a level playing field.</p>
