## 2. INTRODUCTION

- 2.1.1 The qualification and auction process of the CRM are set out in the Capacity Market Code (CMC) with settlement set out in the Trading and Settlement Code (TSC). An updated version of the CMC (5.0)<sup>1</sup> was published on 16 April 2021 and the most recent version of the TSC<sup>2</sup> was published on 3 November 2020.
- 2.1.2 The CMC describes the process which market participants must follow in relation to participation in a CRM auction. This includes detail in relation to the requirement for market participants to apply for Regulatory Authority (RA) approval for certain exception applications (section E.5 of the CMC) and opt-out notification determination (section E.3 of the CMC).
- 2.1.3 An auction for capacity under the Capacity Remuneration Mechanism (CRM) is planned for March 2022. The auction will procure additional capacity for Capacity Year 2025/26 with delivery beginning 1 October 2025.
- 2.1.4 This document sets out the Regulatory Authorities final approach to the handling of the Exceptions and Opt-Out processes (as described below) for this T-4 auction.
- 2.1.5 The key processes outlined in this note relate to:
- i. The exceptions application process outlined in section E.5 of the CMC. This can be for proposed new capacity to have a price fix of more than 1 and up to 10 years, and for all or part of existing capacity to be subject to a Unit Specific Price Cap (USPC) in a capacity auction.
  - ii. Those opt-out notification applications for which the RAs are required to make a determination. This specifically relates to a capacity provider's unit which will be undertaking a planned outage of more than three months or will be mothballed during the relevant capacity year to which the auction relates. The circumstances in which an Opt-out Notification may be submitted are set out in section E.3 of the CMC.
- 2.1.6 It should be noted that all other Opt-Out Notifications must be submitted to the System Operator by the date specified within the Capacity Auction Timetable<sup>3</sup>.

### 3. EXCEPTION APPLICATION AND OPT-OUT NOTIFICATION PROCESS

#### 3.1 Overview

- 3.1.1 The Capacity Market Code (CMC) in section E.5 describes the process for market participants applying for RA approval for exception applications. In addition to the relevant CRM decision papers and workshops the SEM Committee have published Information Notes on the Unit Specific Price Cap (USPC) Application Process in regards to the T-1 CY2018/19 Capacity Auction (SEM-17-090), the T-4 CY2022/23 Capacity Auction (SEM-19-020) and the T-1 2022/23 Capacity Auction (SEM-21-25). These Information Notes provide a background to the assessment approach applied by the Regulatory Authorities and SEM Committee in assessing previous exception applications received under E.5 of the Capacity Market Code.
- 3.1.2 The Capacity Market Code (CMC) in section E.3 describes the concept of market participants applying for RA approval for an opt-out notification with regard to a unit that will be undertaking a planned outage that results in it not being available for more than three months; or a unit that will be mothballed.
- 3.1.3 A more detailed timeline and communication procedure for the exception application and opt-out notification process is outlined below.

#### 3.2 Communication with Applicants

- 3.2.1 Participants wishing to apply for RA approval for an exception application or an opt-out notification, or to communicate with the RAs during the process, shall (unless otherwise notified) only contact the RAs through the use of the email address given below:

- 3.2.2 As described in section E.5 in the CMC, an exception application shall contain the information required by the RAs and set out in the templates provided in Appendix A and B of this note.

This information and any further information, or clarification in respect of the exception applications are to be provided under the electricity licence condition relating to the provision of information to the Commission (CRU) or the Authority (UR).
- 3.2.3 As described in section E.3 in the CMC an opt-out notification submission shall contain the information required by the RAs and set out in the template form given in Appendix C of this note.
- 3.2.4 If an applicant attempts to contact the RAs for the purposes of an exception application or opt-out notification process through another avenue the applicant will be directed to contact the RAs through the above email address.

Applicants may include more than one email address in the Contact Email Address field in the template application form.
- 3.2.6 The RAs shall upon receipt of an exception application or opt-out notification assign a unique application file number. This will be included in the RAs acknowledgement to the applicant. Participants are required to quote this application file number in all future communication with the RAs in relation to the specific application.
- 3.2.7 During the exception application process the RAs will, following issuing of the draft determinations, offer the applicant the opportunity to meet the RAs to discuss the draft determination.
