

Bilaterals on CRM Recommendations described in SEM-22-54

07 October 2022

SEM-22-073

On 26 August 2022, SEM Committee published *Call for Comments on the EY Review of the Performance of the SEM CRM* (SEM-22-054), along with the report prepared by EY, *Performance of the SEM Capacity Remuneration Mechanism* (SEM-22-054a).

Following the publication of the report, the SEM Committee has decided to offer bilateral meetings with market participants to discuss the considerations of the SEM Committee described in SEM-22-054, regarding EY's recommendations in SEM-22-054a. The relevant RA team will host a series of bilateral meetings with interested market participants on an individual basis to receive feedback on the proposed plan of action set out in SEM-22-054.

The team will be available for a **40-minute MS-Teams session** with interested market participants on **18 October 2022 and 19 October 2022**. The slots will be made available to any market participant who expresses an interest in attending a session on a first come first served basis. It may not be possible to accommodate all requests due to time constraints.

To express an interest in attending a bilateral session, please confirm your interest via email to both Merin Joseph (mjoseph@cru.ie) and Donna Maye (donna.maye@uregni.gov.uk) by **close of business on 12 October 2022**.

Following requests received from market participants in relation to the Call for Comments (SEM-22-054) deadline, the SEM Committee also notifies stakeholders that the timeframe to submit a response has been extended by one week. The responses are to be sent to the RAs by **close of business on 28 October 2022**.
