Condition A  Application of Other Licence Conditions and Further Modification

Application of Conditions

1  Notwithstanding any other provision of the Licence, the following Conditions shall apply as follows:

   (a) Conditions B and C shall cease to have effect on the date 3 months after SEM Go-Live (or such later date as the Authority may direct);

   (b) Condition D shall cease to have effect on the date 18 months after SEM Go-Live (or such later date as the Authority may direct); and

   (c) Conditions 6, 12, 14, 16, 17, 20, 21, 22, 25, 26, 27, 28, 29, 30, 31, 33, 34, 35, 36, 37 and 38 shall only have effect from SEM Go-Live.

Further Modification of Conditions

2  Where a Condition ceases to have effect in accordance with paragraph 1(a) or 1(b), the Conditions shall automatically be modified by the deletion of that Condition.

3  Once all of the Conditions referred to in paragraphs 1(a) and 1(b) have been deleted in accordance with paragraph 2, the Conditions shall automatically be modified by the deletion of this Condition A (such deletion being without prejudice to the continued application of the Conditions referred to in paragraph 1(c)).
Condition B  Transition Steps (General)

General Requirement

1 The Licensee shall take all reasonable steps, and do all such reasonable things, as are (in each case) within its power and necessary or expedient in order to give full and timely effect to the SEM and Directive Arrangements by which it is bound (or intended to be bound), so that the Licensee is able to comply with the SEM and Directive Arrangements by which it is bound (or intended to be bound) from the time at which they are effective (or intended to be effective).

Requirement to Co-operate

2 Without prejudice to paragraphs 1 and 3, the Licensee shall cooperate with authorised electricity operators and Republic of Ireland electricity operators (and with the Department, the Authority and such other persons as the Authority may direct) and shall take all reasonable steps, and do all such reasonable things, as are (in each case) within its power and necessary or expedient in order to enable:

(a) authorised electricity operators to comply with their statutory or licence obligations to give full and timely effect to the SEM and Directive Arrangements by which they are bound (or intended to be bound), so that such authorised electricity operators are able to comply with the SEM and Directive Arrangements by which they are bound (or intended to be bound) from the time at which such SEM and Directive Arrangements are effective (or intended to be effective);

(b) authorised electricity operators to comply with any directions by the Authority under a provision of their licences equivalent to paragraph 4; and

(c) Republic of Ireland electricity operators to comply with their statutory or licence obligations to prepare for the Single Electricity Market,

and in the event of any dispute between the Licensee and such other person as to whether a particular step, or thing, is reasonable, the Licensee or such other person
may refer the matter to the Authority for determination (which determination shall be final for the purposes of this paragraph).

Requirements to Comply with Directions

3 Without prejudice to paragraphs 1 and 2, the Licensee shall take all reasonable steps, and do all such reasonable things, as are (in each case) within its power and necessary or expedient in order to comply with any direction made from time to time by the Authority in accordance with paragraph 4 (and shall by so doing be taken to have complied with such direction).

4 The Authority may issue directions to the Licensee setting out the steps (including without limitation those referred to in paragraph 5) to be taken (or procured) by the Licensee which are, in the Authority’s reasonable opinion, appropriate in order to give full and timely effect to the SEM and Directive Arrangements by which the Licensee is bound (or intended to be bound), so that the Licensee is able to comply with the SEM and Directive Arrangements by which it is bound (or intended to be bound) from the time at which they are effective (or intended to be effective).

5 The directions made by the Authority under paragraph 4 (with which the Licensee is, in accordance with paragraph 3, required to take all reasonable steps, and do all such reasonable things, as are (in each case) within its power and necessary or expedient in order to comply) may include requirements regarding the following steps:

(a) to secure or facilitate the amendment or establishment of any of the core industry documents;

(b) to effect the novation of (or other transfer of rights and obligations under) any of the core industry documents from the Licensee or an authorised electricity operator to the Licensee or an authorised electricity operator; and

(c) for securing the co-ordinated and effective commencement and implementation of, and operations under the Single Electricity Market Trading and Settlement Code (including the testing, trialling and start-up of the systems, processes and procedures employed in such implementation and employed by authorised electricity operators and others in connection with
such operations).

6 The Authority may, at any time, by a further direction in accordance with paragraph 4 (in order to give (or continue to give) full and timely effect to the SEM and Directive Arrangements by which the Licensee is bound (or intended to be bound)) amend or cancel any direction (or part thereof) previously made under paragraph 4.

7 The Authority may not make a direction under paragraph 4 until it has undertaken such period of prior consultation with the Licensee (and such other persons as the Authority deems appropriate) as is reasonable in the circumstances. No direction made under paragraph 4 shall be effective until a copy is served on the Licensee.

Requirement not to Frustrate

8 Without prejudice to any public or administrative law right, or statutory right, that the Licensee may have to bring any claim against any public body or person, the Licensee shall not take any step, or exercise any right, which is intended to hinder or frustrate the giving of full and timely effect to the SEM and Directive Arrangements.

Potential Conflict

9 If the Licensee is aware of any conflict between its compliance with the provisions of this Condition or any direction under paragraph 4 and its compliance with any other Condition of the Licence, the Licensee shall promptly inform the Authority of such conflict.

10 Provided the Licensee complies with paragraph 9, the other Conditions of the Licence shall prevail over this Condition in the event of conflict. If there is any conflict between a direction made under paragraph 4 and another requirement of the Licence, the provisions of the direction shall prevail.

Information

11 The Licensee shall provide to the Authority, in such manner and at such times as the Authority may reasonably require, such information and shall procure and furnish to it such reports as the Authority may reasonably require or deem necessary or appropriate to enable the Authority to monitor the Licensee’s compliance with the
requirements of this Condition, including (without limitation):

(a) information as to the Licensee’s readiness concerning the SEM and Directive Arrangements by which it is bound (or intended to be bound); and

(b) status reports concerning those matters referred to in sub-paragraph (d) of the definition of SEM and Directive Arrangements by which the Licensee is bound (or intended to be bound), and drafts of any legal documents by which such matters are to be achieved.

12 If the Licensee is aware (or should reasonably be aware) of any matter or circumstance which it considers will (or which the Licensee should reasonably consider likely to) hinder or frustrate the giving of full and timely effect to the SEM and Directive Arrangements, the Licensee shall promptly inform the Authority of such matter or circumstance.

Definitions

13 In this Condition, unless the context otherwise requires:

“core industry documents” means those documents which:

(a) are (or are to be) established or required to be entered into pursuant to or in accordance with a licence granted under the Order; or

(b) are in the Authority’s opinion central industry documents associated with the authorised activities of the Licensee or authorised electricity operators and which have been designated as such by the Authority.

“SEM and Directive Arrangements” means:

(a) any modifications made (or which the Licensee knows are to be made) to the
Licence, or to the licences of any authorised electricity operator, pursuant (in each case) to the SEM Order or the Electricity (Northern Ireland) Regulations 2007;

(b) the conditions of the Northern Ireland Market Operator Licence and the Licence;

(c) the terms imposed in any exemption granted pursuant to Article 9 of the Order that reflect a modification referred to in subparagraph (a);

(d) the matters that the Licensee knows (or should reasonably know) are envisaged by the modifications and conditions referred to in sub-paragraphs (a) and (b) (including, without limitation, the establishment, amendment or termination of, or the transfer of rights and obligations under, core industry documents); and

(e) the proposed transfer to NIE Energy Limited (pursuant to the Electricity (Northern Ireland) Regulations 2007) of the public electricity supply licence previously held by Northern Ireland Electricity plc.
**Condition C  Transition Steps (Specific)**

**Systems**

1. The Licensee shall, in preparation for SEM Go-Live:
   
   (a) undertake testing, trialling and start-up of its systems, processes and procedures to the extent appropriate in the circumstances;
   
   (b) cooperate with authorised electricity operators, Republic of Ireland electricity operators and the Authority in the development of plans for the testing and trialling of the Licensee’s systems, processes and procedures, and implement the plans so developed; and
   
   (c) cooperate with authorised electricity operators who wish to test and trial systems employed by them in connection with the Single Market Operation Business’s systems, processes and procedures, such cooperation to include provision of meter data (as defined in the Single Electricity Market Trading and Settlement Code).

**Transmission Interface Arrangements**

2. Without prejudice to the Authority’s ability to designate, as the Transmission Interface Arrangements under Condition 18 of Chapter 3, such document as the Authority considers appropriate (having undertaken such consultation as the Authority considers appropriate), the Licensee shall, by 14 August 2007 (or such later date as the Authority may direct), submit to the Authority either:
   
   (a) a draft of the Transmission Interface Arrangements with which both proposed parties thereto are content; or
   
   (b) a draft of the Transmission Interface Arrangements including those provisions with which both proposed parties thereto are content, and which highlights those matters in the draft of the Transmission Interface Arrangements that remain in dispute between those parties.
PPB / TSO Interface Agreement

3 Without prejudice to the Authority’s ability to designate, as the PSIA under Condition 19 of Chapter 3, such document as the Authority considers appropriate (having undertaken such consultation as the Authority considers appropriate), the Licensee shall, by 14 September 2007 (or such later date as the Authority may direct), submit to the Authority either:

(a) a draft of the PSIA with which both proposed parties thereto are content; or

(b) a draft of the PSIA including those provisions with which both proposed parties thereto are content, and which highlights those matters in the draft PSIA that remain in dispute between those parties.

Grid Code

4 Without prejudice to the Authority’s ability to approve, as the Grid Code under Condition 16 of Chapter 3, such document as the Authority considers appropriate (having undertaken such consultation as the Authority considers appropriate), the Licensee shall:

(a) by 1 September 2007 (or such later date as the Authority may direct), submit to the Authority a draft of the Grid Code which it believes meets the prospective requirements of the Licence;

(b) incorporate within that draft of the Grid Code such comments and changes as the Authority may direct;

(c) where directed to do so by the Authority and by such subsequent date as the Authority may direct, undertake a consultation regarding the draft Grid Code (incorporating such comments and changes) with those authorised electricity operators likely to be materially affected by its contents; and

(d) by such subsequent date as the Authority may direct, report to the Authority on the outcome of any such consultation.
Use of System Agreements

5 In respect of each relevant person, the Licensee shall, by 1 September 2007 (or such later date as the Authority may direct), submit to the Authority either:

(a) a draft Use of System Agreement with which both proposed parties thereto are content; or

(b) a draft Use of System Agreement including those provisions with which both proposed parties thereto are content, and which highlights those matters in the draft Use of System Agreement that remain in dispute between those parties.

6 In respect of each relevant person, the Licensee shall enter into a Use of System Agreement in such form as the Authority may designate (having regard to the provisions of any existing agreement between such relevant person and NIE, the draft Use of System Agreement submitted to the Authority, any responses received in connection with any consultation concerning the same, and such other matters as the Authority considers appropriate), and the Licensee shall enter into the agreement so designated within 7 days of such designation.

7 In paragraphs 5 and 6, “relevant person” means each person within the following categories:

(a) the persons who hold a licence under Article 10(1)(c) or Article 10(2) of the Order;

(b) the persons who hold a licence under Article 10(1)(a) of the Order, but not in so far as relating to a generation set that is subject to a cancellable generating unit agreement (as defined in the NIE Energy Supply Licence); and

(c) the Power Procurement Business,

and it is acknowledged that it may be appropriate for the Licensee to enter into a different form of Use of System Agreement in respect of each such category (and, in respect of the category referred to in sub-paragraph (b), a different form depending upon whether the generation set in question is connected to the transmission system or to the distribution system).
Connection Agreements

8 In respect of each relevant connection agreement, the Licensee shall, by 1 September 2007 (or such later date as the Authority may direct), submit to the Authority either:

(a) a draft agreement to novate the relevant connection agreement from NIE to the Licensee with which all three proposed parties thereto are content; or

(b) a draft agreement to novate the relevant connection agreement from NIE to the Licensee including those provisions with which all three proposed parties thereto are content, and which highlights those matters in the draft agreement that remain in dispute between those parties.

9 In respect of each relevant connection agreement, the Licensee shall enter into an agreement that novates the relevant connection agreement from NIE to the Licensee in such form as the Authority may designate (having regard to the provisions of the draft agreement submitted to the Authority, any responses received in connection with any consultation concerning the same, and such other matters as the Authority considers appropriate), and the Licensee shall enter into the agreement so designated within 7 days of such designation.

10 In paragraphs 8 and 9, “relevant connection agreement” means:

(a) each of the existing connection agreements (as amended) between NIE and the holder of a licence under Article 10(1)(a) of the Order that relate to a generation set connected (or to be connected) to the transmission system; and

(b) the existing connection agreement (as amended) between NIE and Moyle Interconnector Limited.

System Support Services Agreements (non-PPB)

11 In respect of each system support services agreement, the Licensee shall, by 1 September 2007 (or such later date as the Authority may direct), submit to the Authority either:

(a) a draft agreement to novate the system support services agreement from NIE to the Licensee with which all three proposed parties thereto are content; or
(b) a draft agreement to novate the system support services agreement from NIE to the Licensee including those provisions with which all three proposed parties thereto are content, and which highlights those matters in the draft agreement that remain in dispute between those parties.

12 In respect of each system support services agreement, the Licensee shall enter into an agreement that novates the system support services agreement from NIE to the Licensee in such form as the Authority may designate (having regard to the draft agreement submitted to the Authority, any responses received in connection with any consultation concerning the same, and such other matters as the Authority considers appropriate), and the Licensee shall enter into the agreement so designated within 7 days of such designation.

13 In paragraphs 11 and 12, “system support services agreement” means each of the existing agreements (as amended) concerning the provision of system support services (as defined in the Transmission Owner Licence) between NIE and the holder of a licence under Article 10(1)(a) of the Order, but excluding the cancellable generating unit agreements (as defined in the NIE Energy Supply Licence).

System Support Service Agreements with PPB

14 In respect of each of the generation sets that are subject to a cancellable generating unit agreement (as defined in the NIE Energy Supply Licence), the Licensee shall, by 1 September 2007 (or such later date as the Authority may direct), submit to the Authority either:

(a) a draft agreement by which the Power Procurement Business procures the provision of System Support Services with which both proposed parties thereto are content; or

(b) a draft of such agreement including those provisions with which both proposed parties thereto are content, and which highlights those matters in the draft agreement that remain in dispute between those parties.

15 In respect of each of the generation sets that are subject to a cancellable generating unit agreement (as defined in the NIE Energy Supply Licence), the Licensee shall
enter into an agreement by which the Power Procurement Business procures the provision of System Support Services in such form as the Authority may designate (having regard to the provisions of the cancellable generating unit agreement, the draft agreement submitted to the Authority, any responses received in connection with any consultation concerning the same, and such other matters as the Authority considers appropriate), and the Licensee shall enter into the agreement so designated within 7 days of such designation.

Moyle Interconnector Collection Agency Agreement

16 The Licensee shall, by 30 September 2007 (or such later date as the Authority may direct), either:

(a) enter into an agreement novating the Moyle Interconnector Collection Agency Agreement (as defined in Condition 37 of Chapter 3) from NIE to the Licensee (and, to the extent appropriate, amending that agreement); or

(b) submit to the Authority a draft of such an agreement including those provisions with which the three proposed parties thereto are content, and highlighting those matters in the draft agreement that the Licensee wishes the Authority to settle.

17 Where sub-paragraph 16(b) applies, the Licensee shall enter into an agreement novating the Moyle Collection Agency Agreement from NIE to the Licensee (and, to the extent appropriate, amending that agreement) on the terms settled by the Authority, and shall do so within 7 days of the Authority so settling them.

Moyle Interconnector Operation and Agency Agreement

18 The Licensee shall, by 30 September 2007 (or such later date as the Authority may direct), either:

(a) enter into an agreement with Moyle Interconnector Limited amending the Moyle Interconnector Operation and Agency Agreement (as defined in Condition 37 of Chapter 3); or

(b) submit to the Authority a draft of such an agreement including those
provisions with which both the proposed parties thereto are content, and highlighting those matters in the draft agreement that the Licensee wishes the Authority to settle.

Where sub-paragraph 18(b) applies, the Licensee shall enter into an agreement amending the Moyle Interconnector Operation and Agency Agreement on the terms settled by the Authority, and shall do so within 7 days of the Authority so settling them.

System Value Agreement

The Licensee shall review the application of its system value agreement with ESBII Technology and Construction Limited concerning Coolkeeragh Power Station in the context of the Single Electricity Market, and shall, by 1 September 2007 (or such later date as the Authority may direct), submit to the Authority either:

(a) a draft agreement that either amends or terminates that agreement (as appropriate in the context of the Single Electricity Market), and with which both proposed parties thereto are content; or

(b) a draft agreement that either amends or terminates that agreement (as appropriate in the context of the Single Electricity Market), and which includes those provisions with which both proposed parties thereto are content, and which highlights those matters in the draft agreement that remain in dispute between those parties.

The Licensee shall enter into an agreement that either amends or terminates the agreement referred to in paragraph 20 (as appropriate in the context of the Single Electricity Market) in such form as the Authority may designate, and the Licensee shall enter into the agreement so designated within 7 days of such designation.

Payment Security Policy

The Licensee shall, by 1 September 2007 (or such later date as the Authority may direct) and having undertaken such consultation as the Licensee reasonably considers appropriate, submit to the Authority a draft payment security policy for approval.
Definitions

23 In this Condition:

“NIE” means Northern Ireland Electricity plc (a body corporate registered in Northern Ireland under company number NI026041).
**Condition D  Run-Off Steps (General)**

**General Requirement**

1. The Licensee shall take all reasonable steps, and do all such reasonable things, as are (in each case) within its power and necessary or expedient in order to fully and effectively run-off, from SEM Go-Live, the Pre-SEM Arrangements for which it is Responsible.

**Requirement to Co-operate**

2. Without prejudice to paragraphs 1 and 3, the Licensee shall cooperate with authorised electricity operators and Republic of Ireland electricity operators (and with the Department, the Authority and such other persons as the Authority may direct) and shall take all reasonable steps, and do all such reasonable things, as are (in each case) within its power and necessary or expedient in order to enable:

   (a) authorised electricity operators to comply with their statutory or licence obligations to fully and effectively run-off, from SEM Go-Live, the Pre-SEM Arrangements for which they are Responsible;

   (b) authorised electricity operators to comply with any directions by the Authority under a provision of their licence equivalent to paragraph 4; and

   (c) Republic of Ireland electricity operators to comply with their statutory or licence obligations (if any) to fully and effectively run-off, from SEM Go-Live, the Pre-SEM Arrangements for which they are Responsible,

and in the event of any dispute between the Licensee and such other person as to whether a particular step, or thing, is reasonable, the Licensee or such other person may refer the matter to the Authority for determination (which determination shall be final for the purposes of this paragraph).

**Requirements to Comply with Directions**

3. Without prejudice to paragraphs 1 and 2, the Licensee shall take all reasonable steps, and do all such reasonable things, as are (in each case) within its power and necessary or expedient in order to comply with any direction made from time to time by the
Authority in accordance with paragraph 4 (and shall by so doing be taken to have complied with such direction).

4 The Authority may issue directions to the Licensee setting out the steps to be taken (or procured) by the Licensee which are, in the Authority’s reasonable opinion, appropriate in order to fully and effectively run-off, from SEM Go-Live, the Pre-SEM Arrangements for which it is Responsible.

5 The Authority may, at any time, by a further direction in accordance with paragraph 4 (in order to fully and effectively run-off, from SEM Go-Live, the Pre-SEM Arrangements for which the Licensee is Responsible) amend or cancel any direction (or part thereof) previously made under paragraph 4.

6 The Authority may not make a direction under paragraph 4 until it has undertaken such period of prior consultation with the Licensee (and such other persons as the Authority deems appropriate) as is reasonable in the circumstances. No direction made under paragraph 4 shall be effective until a copy is served on the Licensee.

Requirement not to Frustrate

7 Without prejudice to any public or administrative law right, or statutory right, that the Licensee may have to bring any claim against any public body or person, the Licensee shall not take any step, or exercise any right, which is intended to hinder or frustrate the full and effective run-off, from SEM Go-Live, of the Pre-SEM Arrangements.

Potential Conflict

8 If the Licensee is aware of any conflict between its compliance with the provisions of this Condition or any direction under paragraph 4 and its compliance with any other Condition of the Licence, the Licensee shall promptly inform the Authority of such conflict.

9 Provided the Licensee complies with paragraph 8, the other Conditions of the Licence shall prevail over this Condition in the event of conflict. If there is any conflict between a direction made under paragraph 4 and another requirement of the Licence, the provisions of the direction shall prevail.
Information

10 The Licensee shall provide to the Authority, in such manner and at such times as the Authority may reasonably require, such information and shall procure and furnish to it such reports as the Authority may reasonably require or deem necessary or appropriate to enable the Authority to monitor the Licensee’s compliance with the requirements of this Condition.

11 If the Licensee is aware (or should reasonably be aware) of any matter or circumstance which it considers will (or which the Licensee should reasonably consider likely to) hinder or frustrate the full and effective run-off, from SEM Go-Live, of the Pre-SEM Arrangements, the Licensee shall promptly inform the Authority of such matter or circumstance.

Definitions

12 In this Condition, unless the context otherwise requires:

“core industry documents” means those documents which

(a) are established or required to be entered into pursuant to or in accordance with a licence granted under the Order; or

(b) are in the Authority’s opinion central industry documents associated with the authorised activities of the Licensee or authorised electricity operators and which have been designated as such by the Authority.

“Pre-SEM Arrangements” means:

(a) the Supply Competition Code;

(b) the Interim Settlement Code and Interim Settlement Agreements;
(c) the renewable output factor arrangements;

(d) the small renewable spill arrangements;

(e) the top-up and standby arrangements (if any);

(f) the arrangements for payment of the bulk supply tariff;

(f) the arrangements for wheeling; and

(g) any other core industry document as the Authority may direct for the purposes of this paragraph.

“Responsible” means, in respect of:

(a) the Supply Competition Code, the Power Procurement Business (or such other person as the Authority may direct following consultation with the Power Procurement Business and such other person);

(b) the Interim Settlement Code and the Interim Settlement Agreements, the Power Procurement Business (or such other person as the Authority may direct following consultation with the Power Procurement Business and such other person);

(c) the renewable output factor arrangements, the Power Procurement Business (or such other person as the Authority may direct following consultation with the Power
Procurement Business and such other person);

(d) the small renewable spill arrangements, the Power Procurement Business (or such other person as the Authority may direct following consultation with the Power Procurement Business and such other person);

(e) the top-up and standby arrangements, the Transmission Owner (or such other person as the Authority may direct following consultation with the Transmission Owner and such other person); and

(f) the arrangements  for wheeling, the Transmission Owner (or such other person as the Authority may direct following consultation with the Transmission Owner and such other person); and

(g) any other core industry document specified by the Authority for the purposes of this paragraph, such person or persons as the Authority considers to be
responsible for such document (as specified in the relevant direction).

“run-off” means, in relation to any arrangements, the bringing to an end of those arrangements, which shall include the determination and settlement (including by way of reconciliation) of electricity and payments in connection with periods up to and including the point at which such arrangements are brought to an end.

13 References to documents and arrangements in the definitions of “Pre-SEM Arrangements” and “Responsible” set out in paragraph 12 shall (if such documents or arrangements are not otherwise defined in the Licence) be to such documents and arrangements as defined (or, if not defined, referred to) in the conditions of the Transmission Owner Licence, as they existed immediately prior to SEM Go-Live.
