1. INTRODUCTION

1.1 Background and Purpose

This Agreed Procedure supplements the rules set out in the Trading and Settlement Code (hereinafter referred as the “Code”) in relation to Default, Deregistration, Suspension and Termination. It sets out procedures with which Parties to the Code must comply.

1.2 Scope of Agreed Procedure

This Agreed Procedure sets out the procedures in relation to:

(a) Deregistration
(b) Voluntary Termination
(c) Suspension
(d) Issue of a Termination Order; and
(e) Intermediary removal

This Agreed Procedure forms an annex to, and is governed by, the Code. It sets out procedures to be followed subject to Parties’ rights and obligations are set out in the Code. In the event of any conflict between a Party’s obligations set out in the Code and this Agreed Procedure, the Code shall take precedence.

It is not intended that there be any inconsistency or conflict between section 2 “Overview” and section 3 “Procedural Steps”. However, in the event of any inconsistency or conflict, section 3 “Procedural Steps” shall take precedence.

In section 3 “Procedural Steps” a corresponding process flow diagram is included for each procedural steps table. Process flow diagrams are for illustrative purposes. It is not intended that there be any inconsistency or conflict between any procedural steps table and process flow diagram however, in the event of any inconsistency or conflict, a procedural steps table shall take precedence.

1.3 Definitions

Words and expressions defined in the Code shall, unless the context otherwise requires or unless otherwise defined herein at Appendix 1 “Definitions”, have the same meanings when used in this Agreed Procedure.

References to particular sections relate internally to this Agreed Procedure unless specifically noted.

1.4 Compliance with Agreed Procedure

Compliance with this Agreed Procedure is required under the terms as set out in the Code.
2. OVERVIEW

2.1 Deregistration

The Deregistration procedure at section 3.1 below is applicable when a Participant seeks to voluntarily Deregister any Units registered to them.

A Participant may choose to Deregister any Unit registered in its name at any time by submitting a Deregistration Form to the Market Operator. The Market Operator shall review the Deregistration Form, in conjunction with the appropriate Meter Data Provider and/or System Operators and the Market Operator shall make a decision to approve or reject the Deregistration request in respect of the Unit(s). Once a decision has been made, the Market Operator shall notify the Participant by registered post issuing a Deregistration Consent Order.

If the provisions of the Metering Code have not been complied with, the Deregistration of Units shall be delayed until the relevant conditions are complied with, or until the Participant indicates that the Deregistration of those Units is no longer required.

All the processes under the Code applicable to the period when the Unit was registered continue. This includes market Settlement Rerun, Settlement Documents and Required Credit Cover.

Once the Deregistration request is approved for all Units registered to the Participants, the Participant is granted with the status ‘Deregistered’ and an effective end date.

2.2 Voluntary Termination

In accordance with section B.18.8 of the Code, a Party may apply to cease to be a Party at any time. The procedure in relation to Voluntary Termination is set out at section 3.2 below. In order to voluntary Terminate, a Party must provide 90 Working Days’ notice to the Market Operator of its intention to cease being a Party and obtain the consent of the Regulatory. The Market Operator issues a Voluntary Termination Consent Order specifying an effective date of Termination once all relevant criteria under the Code are met.

2.3 Default and Suspension

2.3.1 Default

A Party shall be in Default where it is in material breach of any provision of the Code or the Framework Agreement. A Default Notice shall be issued by the Market Operator in accordance with paragraph B.18.2.3 of the Code.

2.3.2 Issue of a Suspension Order

The Market Operator may suspend a Party from participation under the Code in respect of some or all of its registered Units in accordance with a Suspension Order. The procedure in relation to the issue of a Suspension Order in accordance with paragraph B.18.3.1 of the Code is set out at section 3.3 below.

The procedure in relation to the issue of a Suspension Order in accordance with paragraph B.18.3.2 of the Code is set out at section 3.3 below.

A Suspension Order shall include the following information:
(a) The Units to which the Suspension Order shall apply;
(b) The terms of the suspension;
(c) Estimated date that registration of Supplier of Last Resort process will be initiated;
(d) The date and time that suspension shall take effect; and
(e) A copy of the relevant Default Notice.

Following the issue of a Suspension Order, a suspension will take effect in accordance with the procedure set out at section 3.4 below.

2.4 Issuing of a Termination Order

The procedure in relation to the issuing of a Termination Order is set out in section 3.5 below. The Market Operator may, with the prior approval of the Regulatory Authorities, issue a Termination Order to a Party in accordance with paragraph B.18.6.1 of the Code.

2.5 Removal of an Intermediary

The procedural steps for the removal of an Intermediary are set out at section 3.6 below for each of the following circumstances:
(a) an Intermediary's consent is revoked by the Regulatory Authorities, or the expiration of Form of Authority;
(b) an Intermediary wishes to voluntarily Deregister any or all of the Units; or
(c) an Intermediary ceases participating in respect of any Units without first voluntarily Deregistering the Units or the Unit Owner wishing to revoke the Intermediary.

The Market Operator will Deregister the applicable Units in all cases. In the event of an Intermediary removal the Unit Owner may either (subject to Regulatory Authority consent) procure a substitute Intermediary to reregister the Units or re-register the Units itself and become the Participant in respect of those Units, unless:
(a) the Unit is decommissioned; or
(b) the Unit is below de-minimis and the Unit Owner does not wish the Unit to be registered to a Participant in the SEM.

Note that in any event, the removed Intermediary continues to be bound by the enduring obligations of the Code in respect of the Deregistered Units. However, where the Intermediary had appointed the Market Operator to report REMIT Data on its behalf, this will cease on the date of removal.
### 3. PROCEDURAL STEPS

#### 3.1 Deregistration
